Queer Emergent Justin Perez,2025-04-11 In Queer Emergent Justin Perez explores how advances in HIV prevention work alongside broader economic and political shifts in global health to shape queer subjectivities Drawing on ethnographic research among gay and transgender communities in urban Amazonian Peru Perez describes how queer social worlds emerge through scandalous storytelling a practice of exaggerating and embellishing stories about everyday life that transgresses social norms and hierarchies Perez shows that through such storytelling gay and transgender communities contested the assumptions of global HIV prevention s shift from the provision of costly antiretrovirals to the mitigation of social conditions like discrimination and stigma He argues that the global ambition to End AIDS by 2030 is not just a technical project oriented at ending the epidemic but also a project of sexual subjectification and ongoing social transformation By taking seriously the scandalous stories that gay and transgender Peruvians circulated as they responded to new forms of HIV prevention Perez reveals how they imagine possibilities of what could be as the effort to end AIDS continues to play out in the present

Pretty Women Blain Roberts,2014 Pageants Parlors and Pretty Women Race and Beauty in the Twentieth Century South New Jersey in the Jazz Age Joseph Bilby,Harry Ziegler,2025-02-04 The Garden State After the Great War Post World War

Life was dramatically different for New Jersey than it had been prior to the war. By 1920 the war was over for the Europeans but it was still on for America until President Harding signed a paper in a local living room after a golf game. Harding's out-of-wedlock child was born in Asbury Park and Atlantic City began the beauty contest that would become Miss America. Prohibition hit what was an unwilling state and the governor tried to keep New Jersey liquor legally flowing while bootleggers and rumrunners made illegal liquor generally available. Joseph Bilby and Harry Ziegler detail this frenetic era in the Garden State. **Recruiter Journal**, 2002. *"There She Is, Miss America"* E. Watson, 2004-09-18. While some see the Miss American Pageant as a hokey vestige of another era, many remain enthralled by the annual Atlantic City event. And whether you love it or hate it, no one can deny the impact the contest has had on American popular culture. Indeed, many reality television shows seem to have taken cues from the pageant. Founded in 1921, the Miss America Pageant has provided a fascinating glimpse into how American standards of femininity have been defined, projected, maintained, and challenged. At various times it has been praised as a positive role model for young American women, protested as degrading to women by feminists, and shamed by scandals such as the one caused by the Penthouse photos of Vanessa Williams in 1984. In this first interdisciplinary anthology to examine this uniquely American event, scholars defend, critique, and reflect on the pageant, grappling with themes like beauty, race, the body, identity, kitsch, and consumerism. *There She Is, Miss America* provides a fascinating examination of an enduring American icon. **Democratic Reform in Africa** Connie Park Rice, Marie Tedesco, 2015-03-15. Scholars of southern Appalachia have largely focused their research on men, particularly white men. While there have been a few important studies of Appalachian women, no one book has offered a broad overview across time and place. With this collection, editors Connie Park Rice and Marie Tedesco redress this imbalance, telling the stories of these women and calling attention to the varied backgrounds of those who call the mountains home. The essays of *Women of the Mountain South* debunk the entrenched stereotype of Appalachian women as poor and white and shine a long overdue spotlight on women too often neglected in the history of the region. Each author focuses on a particular individual or group, but together they illustrate the diversity of women who live in the region and the depth of their life experiences. The Mountain South has been home to Native American, African American, Latina, and white women, both rich and poor. Civil rights and gay rights advocates, environmental and labor activists, prostitutes, and coal miners all have lived in the place called the Mountain South and enriched its history and culture. **Recruiting**, 1959. *The South Magazine*, 1975. *Making an American Festival* Chiou-ling Yeh, 2023-11-15. This provocative history of the largest annual Chinese celebration in the United States, the Chinese New Year parade and beauty pageant in San Francisco, opens a new window onto the evolution of one Chinese American community over the second half of the twentieth century. In a vividly detailed account that incorporates many different voices and perspectives, Chiou-ling Yeh explores the origins of these public events and charts how, from their beginning in 1953, they developed as a result of Chinese business community ties with American culture, business, and politics.

Jamaica Fern June Khan has valued and embraced Jamaica in each stage of her life. Despite the island's economic and educational challenges during her youth, Khan's childhood was a colorful one replete with the vibrant culture of the island, endlessly supportive role models, and a complex social tapestry. Her early experiences empowered Khan to develop an unwavering sense of self as she progressed into adulthood and moved to the United States. *Through Jamaican Lenses*, A Memoir celebrates Khan's joyful upbringing journey to a new environment and her many educational and professional accomplishments. Centering on her early life in Jamaica in the 1940s and 50s, this memoir reveals Khan's childhood as one rich with opportunities to observe and experience the complexities of Jamaican life and history. Khan's childhood memories revel in the community's vivid folklore, Jamaica's music and food, and popular idioms and sayings, as well as the implications of color and class. Then a British colony, Jamaica still bore the legacies and social impacts of slavery and emancipation. Jamaica was becoming increasingly globalized, and along with that transition came a growing interest in cultural exchange. Stories of economic success poured in from relatives and friends who had traveled abroad, whether as seasonal workers or as immigrants. As Khan grew, ambition brought her to the United States as a foreign student. She graduated from New York University with a BSc in sociology and a graduate degree in social work. Following a brief career in social work, Khan next cultivated a forty-four year career in higher education, using her social work skills to inform her work developing education programs for children, youth, and adults alike in New York City and beyond. Bolstered by her early education in Jamaica, these achievements would not have been possible without the support of her community. Examining not only Jamaica's contribution to the arts, its customs and traditions, and its social and cultural heritage, *Through Jamaican Lenses* explores honestly the diasporic experience of Caribbean immigration, postcolonialism, collective and individual memory, and transnational identity.
