Theory, Activism, Practice. The 2nd Edition Andrea O'Reilly, 2021-04-04 The 2nd edition includes a new preface that considers how matricentric feminism in positioning mothering as a verb affords a gender neutral understanding of motherwork and allows for an appreciation of how motherwork is deeply gendered and how this may be challenged and changed through empowered mothering The book argues that the category of mother is distinct from the category of woman and that many of the problems mothers face are specific to women's role and identity as mothers Indeed mothers are oppressed under patriarchy as women and as mothers Consequently mothers need a feminism of their own one that positions mothers concerns as the starting point for a theory and politic of empowerment O'Reilly terms this new mode of feminism matricentric feminism and the book explores how it is represented and experienced in theory activism and practice **The Gender Knot** Allan Johnson, 2014-10-19 New Third Edition The Gender Knot Allan Johnson's response to the pain and confusion that men and women experience by living with gender inequality explains what patriarchy is and isn't how it works and what gets in the way of understanding and doing something about it Johnson's simple yet powerful approach avoids the paralyzing trap of guilt blame anger and defensive denial that often results from conversations about gender This edition features Updated references data resources and examples especially in relation to issues of sexual orientation and gender identity e.g. gay marriage transgender cisgender A glossary of terms A new chapter What Changes and What Does Not Manhood and Violence that provides an extended analysis of the causes of men's violence as a patriarchal phenomenon

Gender in Communication Catherine Helen Palczewski, Danielle D. McGeough, Victoria Pruin DeFrancisco, 2023-01-12 Gender in Communication A Critical Introduction embraces the full range of diverse gender identities and expressions to explore how gender influences communication as well as how communication shapes our concepts of gender for the individual and for society at large Authors Catherine Helen Palczewski Danielle D McGeough and Victoria Pruin DeFrancisco equip readers with the critical analysis tools to form their own conclusions about the ever changing processes of gender in communication This comprehensive gender communication book is the first to extensively address the roles of religion the gendered body single sex education an institutional analysis of gender construction social construction theory and more The Fourth Edition has streamlined the text to make it more accessible to students without sacrificing the sophistication of the book's trademark intersectional approach Matricentric Feminism Andrea O'Reilly, 2016-10-01 The book argues that the category of mother is distinct from the category of woman and that many of the problems mothers face social economic political cultural psychological and so forth are specific to women's role and identity as mothers Indeed mothers are oppressed under patriarchy as women and as mothers Consequently mothers need a feminism of their own one that positions mothers concerns as the starting point for a theory and politic of empowerment O'Reilly terms this new mode of feminism matricentric feminism and the book explores how it is represented and experienced in theory activism and practice The chapter on maternal theory examines the central theoretical concepts of maternal scholarship while the chapter on activism

considers the twenty first century motherhood movement Feminist mothering is likewise examined as the specific practice of matricentric feminism and this chapter discusses various theories and strategies on and for maternal empowerment Matricentric feminism is also examined in relation to the larger field of academic feminism here O Reilly persuasively shows how matricentric feminism has been marginalized in academic feminism and considers the reasons for such exclusion and how such may be challenged and changed **Women, Girls, and Addiction** Cynthia A. Briggs, Jennifer L.

Pepperell, 2009-06-19 *Women Girls and Addiction* is the first book on the efficacy of treatment approaches and interventions that are tailored to working with addicted women and the first publication of any kind to provide a feminist approach to understanding addiction from the female perspective Part one provides an overview of feminist theory and addiction counseling followed by an historical look at women and addiction Part two gives an in depth look at the biological psychological and social factors The final section presents a series of chapters spanning the lifespan which each feature age specific special issues treatment strategies interventions and commonly encountered topics *Communicative*

Understandings of Women's Leadership Development Elesha L. Ruminski, Annette M. Holba, 2011-12-16 *Communicative Understandings of Women's Leadership Development From Ceilings of Glass to Labyrinth Paths* edited by Elesha L Ruminski and Annette M Holba intertwines the disciplines of communication studies leadership studies and women's studies to offer theoretical and practical reflection about women's leadership development in academic organizational and political contexts Women's leadership development exists at the intersection of consciousness raising communication competence and education to increase one's knowledge and practice of leadership which makes the weaving together of these three disciplines important Thus *Communicative Understandings of Women's Leadership Development* claims a space for women's leadership studies and acknowledges the paradigmatic shift from discussing women's leadership using the glass ceiling phenomenon to what Eagly and Carli 2007 identify as the labyrinth of leadership Recognizing this metaphoric shift is crucial because many women now develop leadership amid the postmodern flux of organizational change hierarchical top down systems are being eroded in lieu of transformational collaborative even improvisational leadership processes Women's leadership studies is emerging as a fruitful interdisciplinary area that reframes the debate about whether we live work and learn within a third wave feminist or post feminist context While this area might include feminist theorizing it also might not emphasize such epistemologies For this reason Ruminski and Holba's edited collection explores and highlights a variety of feminist and non feminist intersections and is thus an important and timely contribution to both marking where we are with women's leadership development in higher education and how women can further develop themselves as leaders

Interpreting Life Patricia C. Burke, 2011-03-25 Interpreting Life depicts one Christian woman's struggle to determine her place in the home and church as the traditional roles of the 1950s gave way to the chaos created by the social movements of the 1960s and 1970s Burke's lengthy journey brought her from a state of confusion to a conscious awareness of the effects of her cohort conservative religious beliefs and close relationships on her personal and spiritual development From childhood she worshipped with a church where submission scriptures in the New Testament were taken literally and women were not allowed to participate in any public leadership roles such as leading prayers and songs teaching adults or preaching As society changed and women gradually acquired leadership roles in other organizations these church practices became more stifling preventing many conservative women from using their God-given talents Because of her marriage to a minister where she felt her family was living in a glass house it became exceedingly frustrating to adhere to traditional religious values Throughout this process their marriage relationship was repeatedly challenged but their commitment to each other and the church helped them resolve their differences and work together to reinterpret women's roles in the church Journal writing was the technique used to make sense of the contradictions and internal conflict experienced as this Christian woman attempted to remain faithful to her religious beliefs and yet develop to her full potential Excerpts from over thirty years of writing reveals the strategies Burke employed to remain positive and productive as family and church priorities took precedent over her own dreams

were the cornerstones of his science of healing and offers a fresh and detailed re examination of their contemporary importance Barratt s analysis demonstrates how the profound work as well as the playfulness of psychoanalysis provides us with a critique of the ideologies that support oppression and exploitation on the social level It will be of interest to advanced students of clinical psychology or philosophy as well as psychoanalysts and psychotherapists Assessing Race, Ethnicity and Gender in Health Sana Loue,2006-12-22 This book deals specifically with the historical basis for use of terms in race gender ethnicity sex and sexual orientation It brings much needed clarity to the debate by identifying the ethical issues as well as the technical challenges inherent in measuring these elusive concepts The author expands on her work begun in Gender Ethnicity and Health Research by paralleling the evolution of racial and sexual categories with the development of health research In addition the book provides a salient guide to assessment tools currently used in measuring racial and sexual constructs identity and experience
