Recovering From Racism:

Recovering Racists Idelette McVicker, 2022-04-12 It is a rare thing for me to stand with a book explicitly about race and equity that is written by a white person Why Because it is a rare thing to encounter a white person who has followed the lead of people of color into their own transformation so deeply that I trust the message coming from their white body Idelette McVicker has done the work Lisa Sharon Harper from the foreword As a white Afrikaner woman growing up in South Africa during apartheid Idelette McVicker was steeped in a community and a church that reinforced racism and shielded her from seeing her neighbors oppression But a series of circumstances led her to begin questioning everything she thought was true about her identity her country and her faith Recovering Racists shares McVicker s journey over thirty years and across three continents to shatter the lies of white supremacy embedded deep within her soul She helps us realize that grappling with the legacy of white supremacy and recovering from racism is lifelong work that requires both inner transformation and societal change It is for those of us who have hit rock bottom in the human story of race says McVicker We must acknowledge our internalized racism repent of our complicity and learn new ways of being human This book invites us on the long slow journey of healing the past making things right changing old stories and becoming human together As we work for the liberation of everyone we also find liberation for ourselves Each chapter ends with discussion questions

Confessions of a Recovering Racist George O'Hare, Emma Young, 2018-04-03 The memoir of a dyed in the wool racist forced to change his beliefs to succeed in the progressively changing times of twentieth century America This true story is about George O Hare and his upbringing in a segregated White Irish Catholic Chicago neighborhood As an adult moving up the corporate ladder at a time when America was transitioning from Jim Crow to Civil Rights George was asked by his manager to join the Junior Chamber of Commerce which often worked closely with a race of people he did not want to know and did not trust Consequently George was faced with a dilemma How could he be a part of this organization and fulfill his hopes of corporate success given the beliefs and principles he was taught as a child and had embraced his entire life The path George ultimately chose to follow shaped and changed his life forever He met some of the most iconic African Americans in the country and became good friends with Dr Martin Luther King comedian Dick Gregory Father George Clements Muhammad Ali State Senator Barack Obama and many others This compelling memoir is also an historical document giving insight into the heart of America during one of the most momentous eras in history It is a must read for anyone willing to look at George s life examine one s own and decide like George what each of us can do in our own small world and for our nation
