Security+ Training Guide Todd King, 2003 The Security certification is CompTIA's response to membership requests to
 develop a foundation level certification for security workers The IT industry is in agreement that there is a need to better
 train staff and empower those tasked with designing and implementing information security and Security is an effort to meet
 this demand The exam is under consideration by Microsoft as the baseline security certification for Microsoft's new security
 certification initiative The Security Training Guide is a comprehensive resource for those preparing to take this exam
 covering everything in a format that maps to the exam objectives The book has been subjected to a rigorous technical review
 ensuring content is superior in both coverage and technical accuracy The accompanying CD features PrepLogic™ Practice
 Tests Preview Edition This product includes one complete PrepLogic Practice Test with approximately the same number of
 questions found on the actual vendor exam Each question contains full detailed explanations of the correct and incorrect

answers The engine offers two study modes Practice Test and Flash Review full exam customization and a detailed score report
