Mathers,2024-05-29 Even though they are the largest sexual minority group in the United States the lives joys and struggles of bi people as well as the social structure of monosexism are regularly overlooked in social scientific research and broader conversations about sexuality and gender Mapping the Monosexual Imaginary interrupts this pattern of erasure by providing readers with a sociological examination of sexualities in society that places bi people and monosexism at the center of analysis Through exploring bi peoples experiences navigating identity community and politics Lain Mathers argues that to understand and challenge gender and sexual inequalities we must first recognize and interrogate the structure of monosexism At a time when attacks on LGBTQ people are increasing this book offers an incisive examination of how an often overlooked group within the LGBTQ community makes sense of their place in the world and what we can learn from attending to the specific issues that bi people face in society Family Dynamics and Romantic Relationships in a Changing Society Silton, Nava R.,2017-02-08 As society changes and develops personal relationships can be significantly affected by evolving cultures By examining amorous and familial bonds in the present era a comprehensive understanding of relationship formation and development can be established Family Dynamics and Romantic Relationships in a Changing Society provides a thorough examination of the types of emotional relationships that different cultures participate in Highlighting innovative topics across a range of relevant areas such as LGBTQ relationships long distance relationships interracial dating and parental techniques this publication is an ideal resource for all academicians students librarians and researchers interested in discovering more about social and emotional interactions within human relationships *Seeing Cities Change* Jerome Krase,2016-04-01 Cities have always been dynamic social environments for visual and otherwise symbolic competition between the groups who live and work within them In contemporary urban areas all sorts of diversity are simultaneously

increased and concentrated chief amongst them in recent years being the ethnic and racial transformation produced by migration and the gentrification of once socially marginal areas of the city Seeing Cities Change demonstrates the utility of a visual approach and the study of ordinary streetscapes to document and analyze how the built environment reflects the changing cultural and class identities of neighborhood residents Discussing the manner in which these changes relate to issues of local and national identities and multiculturalism it presents studies of various cities on both sides of the Atlantic to show how global forces and the competition between urban residents in contested terrains is changing the faces of cities around the globe Blending together a variety of sources from scholarly and mass media this engaging volume focuses on the importance of seeing and in its consideration of questions of migration ethnicity diversity community identity class and culture will appeal to sociologists anthropologists and geographers with interests in visual methods and urban spaces

Nazar: Vision, Belief, and Perception in Islamic Cultures Samer Akkach, 2021-12-13 Na ar literally vision is a unique Arabic Islamic term concept that offers an analytical framework for exploring the ways in which Islamic visual culture and aesthetic sensibility have been shaped by common conceptual tools and moral parameters It intertwines the act of seeing with the act of reflecting thereby bringing the visual and cognitive functions into a complex relationship Within the folds of this multifaceted relationship lies an entangled web of religious ideas moral values aesthetic preferences scientific precepts and socio cultural understandings that underlie the intricacy of one s personal belief Peering through the lens of na ar the studies presented in this volume unravel aspects of these entanglements to provide new understandings of how vision belief and perception shape the rich Islamic visual culture Contributors Samer Akkach James Bennett Sushma Griffin Stephen Hirstenstein Virginia Hooker Sakina Nomanbhoy Shaha Parpia Ellen Philpott Teo Wendy M K Shaw **Sociology For Dummies** Jay Gabler, 2010-03-05 The first authoritative yet accessible guide to this broad and popular topic Sociology is the study of human and societal interaction and because society is constantly changing sociology will always remain a crucial and relevant subject Sociology For Dummies helps you understand this complex field serving as the ideal study guide both when you re deciding to take a class as well as when you are already participating in a course Provides a general overview of what sociology is as well as an in depth look at some of the major concepts and theories Offers examples of how sociology can be applied and its importance to everyday life Avoiding jargon Sociology For Dummies will get you up to speed on this widely studied topic in no time *Seeing and Unseeing Social Structure* Lynn Michelle Mulkey, 1995 HH06 Seeing and Unseeing Social Structure Sociology s Essential Insights Lynn M Mulkey Hofstra University H4881 2 200 pp 6 x 9 0 205 14881 6 paperbound 1995 10 00nk December This book provides a concise yet comprehensive statement of sociology s contribution giving equal importance to the role of sociology in understanding the human condition and as a way of thinking about the world It uses current information on social issues such as drugs and substance abuse crime etc to illuminate the social determinants of our behavior **Handbook of Business Discourse** Francesca Bargiela-Chiappini, 2009-05-12 The

Handbook of Business Discourse is the most comprehensive overview of the field to date. It offers an accessible and authoritative introduction to a range of historical, disciplinary, methodological and cultural perspectives on business discourse and addresses many of the pressing issues facing a growing, varied and increasingly international field of research. The collection also illustrates some of the challenges of defining and delimiting a relatively recent and eclectic field of studies, including debates on the very definition of business discourse. Part One includes chapters on the origins, advances and features of business discourse in Europe, North America, Australia and New Zealand. Part Two covers methodological approaches such as mediated communication, corpus linguistics, organisational discourse, multimodality, race and management communication and rhetorical analysis. Part Three moves on to look at disciplinary perspectives such as sociology, pragmatics, gender studies, intercultural communication, linguistic anthropology and business communication. Part Four looks at cultural perspectives across a range of geographical areas including Spain, Brazil, Japan, Korea, China and Vietnam. The concluding section reflects on future developments in Europe, North America and Asia.
