Metaphorical Landscapes and the Theology of the Book of Job Johan de Joode, 2018-10-22 Metaphorical Landscapes and the Theology of the Book of Job demonstrates how spatial metaphors play a crucial role in the theology of the book of Job Themes as pivotal as trauma ill being retribution and divine character are conceptualized in terms of space its imagery is thus dependent on spatial configurations such as boundaries distance direction containment and contact Not only are spatial metaphors ubiquitous in the book of Job possibly the most frequent conceptual metaphors in the book they are essential to its theological reasoning Job s spatial metaphors form a metaphorical landscape in which God s character and his creation are challenged in unprecedented ways In the theophany God reacts to that landscape This book introduces a pragmatic synthesis of both conceptual metaphor theory and spatial semantics and it demonstrates their exegetical and hermeneutic potential *The Contender Vol 5.
