Smartphone Troubleshooting and Repair Victor Emeka,2014-08-16 It is an unavoidable fact that smartphones can and do break When they do people want to get them repaired but often the only option they have is to take their device back to wherever they purchased it from and have the merchant return it to the manufacturer This process of sending it away having it repaired and sending it back can take days or sometimes weeks if the fault is serious and this can be frustrating and inconvenient for the owner Being able to repair smartphones for people in your local area could give you a great opportunity to start your own business or add a repair service to your existing business if you already deal in electronics or phones You can get started straight away by signing up to our free email newsletter which will give you great tips to help you get started
