Bollywood Weddings Kavita Ramdya, 2010-01-01 Bollywood Weddings explores how Indian American Hindus negotiate two vastly different wedding cultures those of mainstream America and of Hindu India Based on extensive ethnographic fieldwork and drawing on recent advances in material culture studies Ramdya suggests that Bollywood whose Indian origins grants it authenticity from the Hindu perspective and whose emphasis on romance accommodates American values emerges as the key mediating third culture that allows Indian American Hindus to reinforce their community's identity as ethnic and American even as it confirms that success in America need not be bought at the expense of one's religious background and cultural heritage

A Visual Geography of South-East Asia David Rees Hughes, 1959 *The Last Muslim Conquest* Gábor Ágoston, 2023-09-12 A monumental work of history that reveals the Ottoman dynasty's important role in the emergence of early modern Europe The Ottomans have long been viewed as despots who conquered through sheer military might and whose dynasty was peripheral to those of Europe The Last Muslim Conquest transforms our understanding of the Ottoman Empire showing how Ottoman statecraft was far more pragmatic and sophisticated than previously acknowledged and how the Ottoman dynasty was a crucial player in the power struggles of early modern Europe In this panoramic and multifaceted book Gábor Ágoston captures the grand sweep of Ottoman history from the dynasty's stunning rise to power at the turn of the fourteenth century to the Siege of Vienna in 1683 which ended Ottoman incursions into central Europe He discusses how the Ottoman wars of conquest gave rise to the imperial rivalry with the Habsburgs and brings vividly to life the intrigues of sultans kings popes and spies Ágoston examines the subtler methods of Ottoman conquest such as dynastic marriages and the incorporation of conquered peoples into the Ottoman administration and argues that while the Ottoman Empire was shaped by Turkish Iranian and Islamic influences it was also an integral part of Europe and was in many ways a European empire Rich in narrative detail The Last Muslim Conquest looks at Ottoman military capabilities frontier management law diplomacy and intelligence offering new perspectives on the gradual shift in power between the Ottomans and their European rivals and reframing the old story of Ottoman decline
