Houck,2002-01-22 The Celestial Scriptures will challenge every spiritual principle that has been imposed upon us through tenets or organized religions It is not easy to face the fact that religious pronouncements often contradictory are primarily distortions regarding some universal truth as seen through myth and superstition The Celestial Scriptures will challenge the reader to get acquainted with a means of spiritual understanding that is unfamiliar for it reinstates an extremely ancient device as a teaching tool The irony is that most people in our technological society have at least a passing awareness of this device and associate it with a frivolous pastime In spite of all humankind s technological advances we have not learned to override the conditioned religious interpretations that were set down by ancestors who insisted that the Earth was the center of Creation We have climbed out of such simplemindedness and have raised virtual mountains of technological wonders But amazingly

from the summits these mountains where we are privileged to peer into the living heart of universal truths we still bow before mythic explanations and superstitions It is time to face the fact that deceptions have lurked in the halls of faith for far too long **The Popular Educator** Popular educator,1880 **The Popular Educator** ,1867 **The Popular Educator:**
