

Paraphrasing: In my own words

Grade 4 Writing Worksheet

1. Read the paragraph. Then, in your own words, share three interesting facts about the ostrich.

The ostrich is the world's tallest and heaviest living bird. It can grow to nine feet (2.7 meters) tall. It was once known as the "camel bird" because its eyes, long neck, eyelashes and even the way it walks bear a strong resemblance to the camel. Similarly to camels, the ostrich can live in high temperatures and go without water for long periods of time. Though these birds cannot fly, they are built to run! Ostriches can run at steady speeds of 31 miles per hour (50 kilometers per hour) and quick bursts of 43 miles per hour (70 kilometers per hour). They use their wings to stay balanced as they run. If it can't run away from danger, it drops to the ground and remains still. Its color helps it camouflage with the soil.
