Physical Sciences Chemistry Paper2 Memorandum September 2014

Huangqi Zhang

Physical Sciences Chemistry Paper2 Memorandum September 2014:

Physics Briefs, 1985 *Factors Affecting Snowmelt and Streamflow* United States. Bureau of Reclamation, 1958 **The Filth Disease** Jacob Steere-Williams, 2020 Shows how the investigation of local outbreaks of typhoid fever in Victorian Britain led to the emergence of the modern discipline of epidemiology as the leading science of public health Typhoid fever is a food and water borne infectious disease that was insidious and omnipresent in Victorian Britain It was one of the most prolific diseases of the Industrial Revolution There was a palpable public anxiety about the disease in the Victorian era no doubt fueled by media coverage of major outbreaks across the nation but also because Queen Victoria's husband Prince Albert died of the disease in 1861 Their son and heir Prince Albert Edward contracted and nearly succumbed to typhoid a decade later in 1871 *The Filth Disease* shows that typhoid was at the center of a number of critical debates about health science and governance Victorian public health reformers the book argues working in central and local government framed typhoid as the most pressing public health problem in order to persuade local officials to implement sanitary infrastructure to prevent the spread of disease In this period British epidemiologists uncovered how typhoid is spread via food and water supplies disrupting the longstanding idea that typhoid was spread via filth In the process the modern discipline of epidemiology emerged as the chief science of public health Typhoid was as much a social and political problem as it was a scientific one and *The Filth Disease* provides a striking reminder of the cultural context in which infectious diseases strike populations and how scientists study them *The National Union Catalog, Pre-1956 Imprints* Library of Congress, American Library Association. Committee on Resources of American Libraries. National Union Catalog Subcommittee, 1973 *Books in Series*, 1985 Vols for 1980 issued in three parts Series Authors and Titles **Yearbook of International Organizations**, 1967 Beginning in 1983-84 published in 3 vols with expansion to 6 vols by 2007 2008 vol 1 Organization descriptions and cross references vol 2 Geographic volume international organization participation vol 3 Subject volume vol 4 Bibliography and resources vol 5 Statistics visualizations and patterns vol 6 Who's who in international organizations From year to year some slight variations in naming of the volumes
