Mawuli Dzitse,2020-05-25 Have you paused for a second to consider the power behind the great innovations we see around us these days the internet computers aeroplanes cell phone technology drone photography multimedia stuff LED ads etc What do all these inventions have in common Well these are all products of the human mind The creator of the universe endowed humans with an exceptional gift which when well harnessed enables us to think and solve problems How well we use this gift of the mind is the subject matter of this book written by Mawuli Dzitse In relatively few pages the author establishes the important role the mind plays in our lives Any manipulation of the mind has a telling effect on who we are and what we become The mind is like an independent variable the state of the dependent variable revolves around it So what happens when the mind is in a doubtful state A doubtful mind does not necessarily have to result in negative developments In fact doubt generates creativity When used in moderation doubt can be a welcoming asset in the society It is a mover for social change Nevertheless doubt can be pathological if it is not managed properly It is the prevention of negative aspects of doubt that the author focuses in this book The underlying tone of the book posits that every human being has the capacity to use their mind to produce outcomes that can improve the quality of life than the one they came to meet Mawuli provides answers to questions aimed at enhancing individual outlook on life as well as strategies for making the mind clean healthy and functional In other words how individuals should nurse and nurture their mind food which he identifies as information and messages He advises readers to avoid activities that can kill dreams The book is spiced with biblical quotations to lubricate the mind and provide spiritual wisdom to the reader In addition the author provides practical exercises in Self Post reading Discernment sections that allow the reader to have hands on training and the feel of what is being advocated It s a must read for all who aspire to greatness and those who want to optimize the use of their greatest gift the mind Doubtful Minds Arise will be useful to students teachers the young and the old men women and all those who want to experience an intrinsically fulfilling life Dr Ransford Antwi Department of Communication Studies Central University Ghana Junior Graphic Victoria Odoi,2014-01-29

of implementing one sided standards which are disconnected from most children s lives
