What is a Process Paper?

The purpose of a Process Paper is to explain the steps or process that you followed in order to research your topic, and create your project. Process papers are easy to write as long as you effectively answer four essential "How" questions.

The Four Essential "How" questions

- 2) *How did you conduct your research?*
- 3) *How did you choose your project format and create your project?*

Section 1: How We Chose Our Topic

This section explains why you chose your particular topic.

Section 2: How We Conducted Our Research

This section gives a detailed explanation of the steps that were taken to research your topic. Be sure to include specific details about the resources that you used. (For example, did you go to the library, use the Internet, interview a relative, watch a documentary, etc?)

Section 3: How We Created and Developed Our Exhibit (Documentary, Performance etc.)

This section explains why you chose your particular project category (exhibit, website, etc.) and it gives detailed information about the steps that were taken to make your project.

Section 4: How Our Project Relates to the Theme

This section explains how your topic relates to the theme " The Individual in History".
