

Sabre Travel Network Unveils New Graphical View in Sabre Red Workspace

Full Graphical Interface and New Capabilities to Increase Agent Efficiency and Productivity

LONDON – 18 May 2011 – Global travel technology company Sabre Travel Network (<http://www.sabretravelnetwork.co.uk>) has today unveiled its new graphical workflow for travel agencies using the company's Sabre Red Workspace agency platform to book, ticket and manage business and leisure travel.

Building upon the existing graphical components of the award-winning [Sabre Red Workspace](#), Sabre has simplified the shopping and booking process, allowing agents to book air, hotel, car and other suppliers using a fully-graphical workflow.

Designed for both experienced and novice agents, [graphical view](#) in the Sabre Red Workspace will save agents time and increase productivity by requiring fewer keystrokes and putting new tools at their fingertips.

"Graphical view gives agents another option within the Sabre Red Workspace to tailor their workflow based on their needs and preferences," said Martin Cowley, Sabre Travel Network's senior vice president in Europe, the Middle East and Africa. "Because of the increased speed and additional capabilities of graphical view, it will allow agents to do more in less time, making it a valuable tool for seasoned agents and those who are just starting out."

Working in the graphical view of Sabre Red Workspace, agents will be able to:

- Shop and book air, hotel and car in a fully-graphical format
- Save time by using fewer keystrokes to complete a task
- Reduce training time for new agents from six weeks to two weeks
- Navigate graphical view from the keyboard, with a mouse or both
- Easily toggle back and forth between the classic 'blue screen' view and the new graphical view

"Graphical view will allow our agents to provide airfare quotes faster and more accurately, and deliver what customers want faster than booking engines and with a personal touch," said Asad Siddiq, director of Gifto Travels LTD. "Training time for new recruits will also dramatically decrease meaning our new agents will start generating revenue faster than before. It will also benefit our experienced agents by reducing the number of keyboard strokes needed to complete a transaction."

Some of the unique and new capabilities in graphical view include:

Sabre Graphical View Manual
