Sherry Turkle, a professor of the Social Studies of Technology, has written extensively about the effects of technology on human relationships. Read Chapter 1 (Connectivity and its discontents) from her book *Alone Together: Why We Expect More from Technology and Less from Each Other*. What evidence does Turkle provide for her main argument that technology has served to diminish the quality of our relationships? How persuaded are you by this argument?

Review: Turkle, Sherry (2011). *Alone Together: Why We Expect More from Technology and Less from Each Other*. New York: Basic Books (Extract from Chapter 1- Connectivity and its discontents)

The last 20 years have seen a revolution in the way we communicate, all brought about by the quite extraordinary developments that have occurred in the field of information and communications technologies. There is no doubt that the way people interact with each other nowadays – whether in business, education, in one's personal life – is drastically different from the way things were done in the not-so-distant pre-digital past. But have these developments been positive ones? Can we say that human relations have improved as a result of these changes? Sherry Turkle in her book *Alone Together: Why We Expect More from Technology and Less from Each Other* is quite sure that this is not the case.

In her study, based on interviews with users of technology across a wide spectrum of society, Turkle argues that while it may appear that people are more in touch with each other, the effect paradoxically of all this new communication is that people are becoming more socially alienated. "We are increasingly connected to each other", she states, "but oddly more alone; in intimacy, new so lonely" (p. 19). Turkle quotes many stories from her interviews to illustrate her basic argument. In one worrying case, she describes the experience of a woman who goes to interview someone she is interested in employing as a nanny. When the woman arrives at the apartment, she meets the person's flatmate who at the time is texting on her BlackBerry. The woman asks to see the would-be nanny. Rather than get up to knock on this person's door – which is only 15 feet away – the flatmate sends her a text to tell of the woman's arrival. The woman is shocked – as is Turkle – that the flatmate would not simply

Comment [T1]: At the beginning of a review, you should provide all the **BASIC FACTUAL INFORMATION** about the text you are reviewing.

Comment [T2]: These opening sentences give some **BACKGROUND** to the text that is being reviewed. They introduce the general **SUBJECT** area covered in the text (the rise of digital communication), and also the main **ISSUE** being considered (have these technologies improved our relationships?).

Comment [T3]: At the end of this opening paragraph, the **TEXT** and its **AUTHOR** are introduced.

Comment [T4]: Once the text has been introduced, the main task is to **SUMMARISE** its contents. The first thing you need to do is to set out outlining the author's main **ARGUMENT**; that is, what is the main point they are seeking to make in the text.

Comment [T5]: Along with outlining the author's **ARGUMENT**, you should also indicate what type of **EVIDENCE** is presented in the text to support this **ARGUMENT**.

Another popular platform for Samples Of Critical Review Papers books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Samples Of Critical
