Parenting from the Heart: A Guide to the Essence of Parenting from the Inside-Out Jack Pransky, 2012-09-10. Just when you thought you've heard it all, *Parenting from the Heart* offers a new and different, refreshing approach to parenting. This easy-to-understand, down-to-earth book moves beyond parenting theories and techniques to get to the heart of parenting. If parents know how to look within their hearts to find the answers they need, parenting techniques are not necessary. If parents know how to find a loving connection with their children, at most times discipline and consequences are rarely necessary. All parents have it within them to bring out the best in their children. Approaching parents in this way makes parenting a true pleasure instead of the battle and chore it often becomes. Many so-called experts say that raising kids is the toughest job any of us will ever do, but it does not have to be that way. It can be the most joyful thing any of us will ever do. *Parenting from the Heart* is a must resource for anyone who cares about parenting and raising children.
