

COMPARE & CONTRAST

Directions: Read the passages, then compare and contrast them using the Venn diagram below.

OWEN OLSEN

Owen Olsen is a first grader at King Elementary. He loves recess and lunch. At recess, he likes to play soccer with his friends. He usually scores at least one goal.

One day, Owen didn't feel much like playing soccer. He was hungry hurt, and he wanted to go home. His friend Lincoln came over and asked what was wrong. Owen started to cry. Lincoln put his arm around Owen and took him to the office.

As the boys were walking, Owen felt like he was going to throw up. He ran to the nearest trash can and pulled Lincoln over to find an adult to help. Owen. A teacher helped Owen to the office, and they called his mom. Owen decided eating school lunch may not have been the greatest idea.

OLIVIA O'RYAN

Olivia O'Ryan is a first grader at Adam's Elementary. She loves school, especially math and reading. Olivia doesn't like to go outside because she wants to keep learning.

One morning Olivia decided that she would sneak to the back of the classroom when the recess bell rang. She took her favorite book and hid behind a bookshelf. Her teacher had gone to the office and didn't know she was there. Olivia read quietly until the bell to come in rang.

Olivia waited until class started to go to her seat. Her teacher saw what she had done and took her to the hall. She asked Olivia not to do that again and told her that she could take a book with her to recess. Olivia loved this idea and agreed.

Wade Boykin,Pedro Noguera,2011-09-22 Unless we believe that those who have more are inherently superior to those who have less we should be troubled by the fact that patterns of achievement are often fairly predictable particularly with respect to students race and class In *Creating the Opportunity to Learn* Wade Boykin and Pedro Noguera help navigate the turbid waters of evidence based methodologies and chart a course toward closing and eliminating the academic achievement gap Turning a critical eye to current and recent research the authors present a comprehensive view of the achievement gap and advocate for strategies that contribute to the success of all children Boykin and Noguera maintain that it is possible to close the achievement gap by abandoning failed strategies learning from successful schools and simply doing more of what the research shows is most effective Success is founded on equity but equity involves more than simply ensuring students have equal access to education equity also entails a focus on outcomes and results If we want to bring about significant improvements in those outcomes we have to do more to address the context in which learning takes place In short we must create schools where a child s race or class is no longer a predictor for how well he or she might perform **Reading Comprehension Practice, Grades 7 - 8** Sitter,2017-01-03 Reading Comprehension Practice for seventh and eighth grades improves reading skills by providing independent reading for on level readers instructional reading for below level readers supplemental reading for above level readers All units feature reading guides comprehension questions and more This middle school reading comprehension workbook gives students the practice they need to be successful readers by helping them decode words relate new information to known information monitor growth and take action when necessary The Mark Twain Publishing Company provides classroom decorations and supplemental books for middle grade and upper grade classrooms These products are designed by leading educators and

cover science math behavior management history government language arts fine arts and social studies **Handbook of Reading Disability Research** Anne McGill-Franzen, Richard Allington, 2010-09-17 Bringing together a wide range of research on reading disabilities this comprehensive Handbook extends current discussion and thinking beyond a narrowly defined psychometric perspective Emphasizing that learning to read proficiently is a long term developmental process involving many interventions of various kinds all keyed to individual developmental needs it addresses traditional questions What is the nature or causes of reading disabilities How are reading disabilities assessed How should reading disabilities be remediated To what extent is remediation possible but from multiple or alternative perspectives Taking incursions into the broader research literature represented by linguistic and anthropological paradigms as well as psychological and educational research the volume is on the front line in exploring the relation of reading disability to learning and language to poverty and prejudice and to instruction and schooling The editors and authors are distinguished scholars with extensive research experience and publication records and numerous honors and awards from professional organizations representing the range of disciplines in the field of reading disabilities Throughout their contributions are contextualized within the framework of educators struggling to develop concrete instructional practices that meet the learning needs of the lowest achieving readers
