

Every fifth PIA passenger a new one

While growth in passenger traffic for all airlines averaged 11% over the past five years, PIA's passenger traffic has gone up 25%. These results reflect not only PIA's dramatic expansion, but also PIA's own high standards of operation—again, well above the industry average. It is this sort of vigorous growth and imaginative enterprise which last year brought to this consistently profitable airline over 1.4% more passengers, and explains why travellers say PIA are great people to fly with.
