The English Professor Margaret R. O'Leary/Dennis S. O'Leary,2016-02-04 Across the span of more than forty years Raphael Dorman O Leary a professor of English rhetoric and English literature taught his students at the University of Kansas to think straight to put sinew into their sentences and to embrace the magnificent literary treasures of their mother tongue The English Professor by authors Margaret R O Leary and Dennis S O Leary offers a narrative of the life work and times of a revered Midwestern university English teacher This memoir narrates how the professor born in 1866 was raised on a Kansas farm in the post bellum era Like his father before him he was committed to a life of learning and teaching His colleagues knew him for his unpretentious exterior honesty and integrity and his flashing anger at cheapness vulgarity pretense and above all charlatanism When Professor O Leary died after a short illness in 1936 his personal effects passed through two generations to his grandson Dennis S O Leary who with his wife Margaret discovered his papers while restoring a family house The trove of material served as the core resource for the compilation of The English Professor It provides insights into the histories of Kansas and the University of Kansas and of Harvard University as well as perspectives on higher education including the teaching of English rhetoric language literature journalism and oratory in the United States

Understanding Employer Engagement in Education Anthony Mann,Julian Stanley,Louise Archer,2014-05-30 This collection focuses on employer engagement in education how it is delivered and the differentiated impact it has on young people in their progression through schooling and higher education into the labour market The focus is not narrowly on vocational or technical education

or work related learning but on how employer engagement eg work experience internships careers education workplace visits mentoring enterprise education etc influences the experiences and outcomes of the broad range of young people across mainstream academic learning programmes The essays explore the different ways in which education can support or constrain social mobility and in particular how employer engagement in education can have significant impact upon social mobility both positive and negative Leading international contributors examine issues surrounding employer engagement and social mobility conceptualisations of employer engagement trends in social mobility employer engagement and social class access and management of work experience social capital and aspiration access to employment The book makes employer engagement an innovative focus in relation to the well established fields of social mobility and school to work transition By examining what difference employer engagement makes the essays raise questions about conventional models and show how research drawing on different fields and disciplines can be brought together to provide a more coherent and convincing account Building on new theorisations and combining existing and new data the collection offers a systematic exploration of the influence of socio economic status on school to work transitions and addresses how educational policy can shape more efficient labour market outcomes In doing so it draws on and speaks to existing literature which has considered such questions from the perspectives of gender ethnicity and social disadvantage
