Professional Discourse Britt Louise Gunnarsson

Justine Coupland

Professional Discourse Britt Louise Gunnarsson:

Professional Discourse Britt-Louise Gunnarsson, 2009-04-08 Professional Discourse gives a broad and multifaceted perspective on discourse in the professions For each of these professions the book explores the dual relationship between discourse and context outlining how professional discourse is continuously reconstructed in relation to changing contextual frameworks The case studies discussed in the book are based on authentic texts and spoken data collected within different environments and related to different domains The book includes discussion of both theory and methodology thus providing tools for exercises and future studies The reader is introduced to a variety of analytical approaches that of textlinguistics pragmatics genre studies sociolinguistics interactional sociolinguistics and sociology psycholinguistics and cognitive psychology The book gives theoretically grounded and systematically investigated answers to questions of relevance for advanced learners practitioners and academic scholars

The Construction of Professional Discourse B.L.

Gunnarsson, Per Linell, Bengt Nordberg, 2014-09-19 Internationally there is increasing research and interest in the processes of the production and reception of texts for specific purposes and in the historical development of genres and registers within Languages for Specific Purposes LSP psycholinguistics sociolinguistics anthropology and the sociology of science Studies of professional communication have traditionally been biased towards the written medium and have been carried out with little if any connection to LSP Disciplinary boundaries and interest groupings have thus kept these different approaches to the study of professional communication and interaction separate The editors of this volume unite these different perspectives and approaches and bring together recent research from linguistics sociolinguistics ethnography of communication anthropology and sociology to provide an up to date analysis of different varieties of professional discourse and their historical development Chapters written by leading exponents in the field deal with the core theoretical issue of how language written genres and spoken discourse are constructed as a successive and continuous interplay between language and social realities The volume includes chapters on the moral construction of discourse in the social care profession the discourse of dispute negotiation narrative accounts in clinical research doctor patient interaction legal and other kinds of institutional discourse A key text for students of applied linguistics and sociolinguistics at both advanced undergraduate and MA levels

Discourse as Social Interaction Teun Adrianus van Dijk, 1997-02-01 How do people engage in and competently manage discourse and interaction with others Whether in informal everyday conversations or professional dialogues people do things while they are speaking or writing Focusing on the fundamental interactional social political and cultural functions of text and talk this comprehensive volume shows that discourse is not merely form and meaning but also action This social dimension of discourse is further highlighted by examining the role of social identity and group membership such as those based on gender race and ethnicity How do members of various groups typically speak among each other and how do they communicate with people of other groups or cultures What is the role of discourse in the perpetuation of sexism or racism

Several chapters use critical discourse analysis to examine the reproduction of social power dominance and inequality and special attention is paid to political and corporate discourse Other contributions show that the complex interplay of the forms meanings and actions of discourse both shape and are shaped by culture

Language and Literacy in Workplace

Education Giselle Mawer, 2014-09-25 Just as workers are confronting the rapidly changing practices of the restructured technological workplace and the increasing convergence of working and learning so those involved in any form of workplace education or training are also restructuring their focus teaching methods and approaches This book examines the conceptual and practical challenges facing education and training professionals in redefining their contribution to improving communication and learning at work Interweaving theory and commentary with actual case studies the book explores a multifaceted approach to workplace education which aims to develop individual workers skills as well as integrating learning language and cross cultural issues into work communication and management practices It is a strategic practical approach which draws on a range of applied linguistic and educational traditions and is informed by related disciplines such as cognitive and social psychology and organisational behaviour The book does not present formulae for success rather it illustrates the complexities and challenges faced by educators as they learn to balance different and often conflicting priorities Language and Literacy in Workplace Education Learning at Work has been written with a wide audience in mind from language and literacy professionals Human Resources staff vocational trainers managers as well as students of education and linguistics The book is clearly presented and takes care to explain specific educational or organisational terminology making the study accessible to newcomers to the field

The Cultural Politics of English as an

International Language Alastair Pennycook, 2014-06-03 Covering a wide range of areas including international politics colonial history critical pedagogy postcolonial literature and applied linguistics this book examines ways to understand the cultural and political implications of the global spread of English Firstly it explores how a particular view of English as an international language has come into being by examining its colonial origins its connections to linguistics and applied linguistics and its relationships to the global spread of teaching practices It then offers an alternative critical understanding through the concept of the worldliness of English This concept suggests that English can never be removed from the social cultural economic or political contexts in which it is used

Writing Business Francesca Bargiela-Chiappini, Catherine Ross Nickerson, 2014-06-11 Writing Business Genres Media and Discourses offers an analysis of the genres and functions of written discourse in the business context involving a variety of modes of communication The evolution of new forms of writing is a key focus of this collection and is only partly attributable to the ever increasing application of technology at work Alongside machine mediated texts such as electronic mail and computer generated correspondence the contextualised analyses of both traditional genres such as facsimiles and direct mailing and of lesser studied texts such as invitations for bids contracts business magazines and ceremonial speeches reveal a rich complexity in the forms of communication evolved

by organisations and the individuals who work within them in response to the demands of the social organisational and cultural contexts in which they operate This rich textual variation is matched by a discussion of a range of methodological approaches to the development of business writing skills including rhetorical analysis organisational communication analysis social constructionism genre analysis and survey and experimental methods Using authentic data and benefiting from a fresh interdisciplinary approach the volume will be of interest to students and researchers of business communication Language for Specific Purposes LSP English for Specific Purposes ESP and sociolinguistics

The Power of Tests Elana (Professor Of Language Education Shohamy, 2020-11-25 Language in Social Life is a major series which highlights the importance of language to an understanding of issues of social and professional concern It will be of practical relevance to all those wanting to understand how the ways we communicate both influence and are influenced by the structures and forces of contemporary social institutions In all modern societies individuals are subject to tests whether to enter educational programs to pass from one level to the next or to grant certificates to practice Yet tests are powerful tools which are often introduced in undemocratic and unethical ways as disciplinary tools for carrying out various policy agendas Tests can be detrimental to people's lives as they are capable of affecting and defining the knowledge and behaviour of those who are being tested The Power of Tests applies a critical perspective of language tests by examining their uses and consequences in education and society and by viewing tests not as isolated events but rather as embedded in social educational and political contexts The book is divided into four parts the first part establishes the power of tests through echoing the voices of test takers describing the features of the power of tests and the temptations that tests offer to bureaucrats who use them for power and control The second part reports on studies that provide empirical evidence about intentions and effects of a number of large scale language tests The third part interprets the results by examining their consequences on education and society arriving at a model of tests use The final section of the book offers strategies for controlling and minimising the misuses of tests by introducing the notion of Critical Language Testing which calls for the examination of the consequences and misuses of tests monitoring of power and pointing to their unethical uses It also provides a comprehensive discussion of the responsibilities of language testers including a new Code of Ethics as well as strategies for guarding and protecting the rights of test takers

Small Talk Justine Coupland, 2014-06-11 This study presents a new perspective on small talk and its crucial role in everyday communication The new approach presented here is supported by analyses of interactional data in specific settings private and public face to face and telephone talk They vary from gossip at the family dinner table and intimate keeping in touch phone conversations to interpersonally focused talk in institutional settings such as the government office and the university research seminar Drawing on a range of methodological approaches including Discourse Analysis and Pragmatics Interpersonal Communication and Conversation Analysis the author elevates small talk to a new status as functionally multifaceted but central to social interaction as a whole

Typography & Language in Everyday Life Sue

Walker,2014-06-03 *Typography and Language in Everyday Life* provides a detailed look at graphic as well as linguistic aspects of language and suggests there is much to be gained from collaboration between typographers and applied linguists The first part of the book provides an introduction to aspects of typographic theory and history and suggests some areas of applied linguistics that offer approaches to studying graphic language The second part comprises case studies which look at the relationship between prescription and practice for visual organisation by considering everyday display typography house style and typing manuals and letter writing Each of these subjects is looked at from historical and theoretical perspectives Aimed at those who may be unfamiliar with theoretical and historical perspectives on the graphic aspects of language and with broad concepts in applied linguistics the book also directs readers to areas of further reading in each of these fields Extensively illustrated with examples of past and present graphic language *Typography and Language in Everyday Life* is essential reading for students of typography graphic design applied linguistics and education as well as the general reader

Analyzing Genres in Political Communication Piotr Cap,Urszula Okulska,2013-07-16 Featuring contributions by leading specialists in the field the volume is a survey of cutting edge research in genres in political discourse Since as is demonstrated political genres reveal many of the problems pertaining to the analysis of communicative genres in general it is also a state of the art addition to contemporary genre theory The book offers new methodological theoretical and empirical insights in both the long established genres speeches interviews policy documents etc and the modern rapidly evolving generic forms such as online political ads or weblogs The chapters which engage in timely issues of genre mediatization hybridity multimodality and the mixing of discursive styles come from a broad range of perspectives spanning Critical Discourse Studies pragmatics cognitive psychology sociolinguistics applied linguistics and media studies As such they constitute essential reading for anyone seeking an interdisciplinary yet coherent research agenda within the vast and complex territory of today s forms of political communication **Discourse as Social Interaction** Teun A Van Dijk,Teun A.

van Dijk,1997-05-06 The second volume of this introduction to discourse studies focuses on the fundamental interactional social political and cultural functions of text and talk and shows that discourse is not merely form and meaning but also action Workplace Discourse Almut Koester,2010-07-08 Provides a fresh overview of the rapidly developing field of workplace discourse using both genre analysis and a corpus driven approach

Legal-Lay Communication Chris Heffer,Frances Rock,John Conley,2013-07-16 This volume responds to a growing interest in the language of legal settings by situating the study of language and law within contemporary theoretical debates in discourse studies linguistic anthropology and sociolinguistics The chapters in the collection explore many of the common occasions when those acting on behalf of the legal system such as the police lawyers and judges interact with those coming into contact with the legal system such as suspects and witnesses However the chapters do this work through the conceptual lens of textual travel or the way that texts move across space and time and are transformed along the way Collectively notions of textual travel shed new light on the

ways in which texts can influence and are influenced by social and legal life With contributions from leading experts in language and law *Legal Lay Communication* explores such textual travel themes as the mediating role of technologies in the investigatory stages of the legal process the centrality of intertextuality in the legal construction of cases in court the transformative effects of recontextualization in processes of judicial decision making and the way that processes of textual travel disturb the apparent permanence of legal categorization The book challenges both the notion of legal text as a static repository of meaning and the very idea of legal lay or lay legal communication

The Ideologies of Japanese Tea Tim Cross, 2009-09-01 This provoking new study of the Japanese tea ceremony chanoyu examines the ideological foundation of its place in history and the broader context of Japanese cultural values where it has emerged as a so called quintessential component of the culture It was in fact Sen Soshitsu XI grandmaster of Urasenke today the most globally prominent tea school who argued in 1872 that tea should be viewed as the expression of the moral universe of the nation A practising teamaster himself the author argues however that tea was many other things it was privilege politics power and the lever for passion and commitment in the theatre of war Through a methodological framework rooted in current approaches he demonstrates how the iconic images as supposedly timeless examples of Japanese tradition have been the subject of manipulation as ideological tools and speaks to presentations of cultural identity in Japanese society today

Communicating Science Alan G. Gross, Joseph E. Harmon, Michael S. Reidy, 2002-04-11 This book describes the development of the scientific article from its modest beginnings to the global phenomenon that it has become today The authors focus on changes in the style organization and argumentative structure of scientific communication over time This outstanding resource is the definitive study on the rhetoric of science

The Appropriation of Media in Everyday Life Ruth Ayass, Cornelia Gerhardt, 2012 Focuses on how people appropriate media in their daily lives This book contributes to the burgeoning field of interactional linguistic media studies It analyses the minutiae of the moment when people actively appropriate media for their own purposes in different fashions

The Scientific Literature Joseph E. Harmon, Alan G. Gross, 2007-05-15 Excerpts from scientific writings that illustrate the evolution of the scientific article from its origin in 1665 till today Includes commentaries explaining the context and communication strategy

Languages for Special Purposes John Humbley, Gerhard Budin, Christer Laurén, 2018-10-22 This handbook gives an overview of language for special purposes LSP in scientific professional and other contexts with particular focus on teaching and training It provides insights into research paradigms theories and methods while also highlighting the practical use of LSPs in concrete discourse situations The volume is transdisciplinary oriented with a firm basis in the language sciences including terminology knowledge transfer multilingual and cross cultural exchange

Patient Tales Carol Berkenkotter, 2022-10-10 A look into communicating psychiatric patient histories from the asylum years to the clinics of today In this engrossing study of tales of mental illness Carol Berkenkotter examines the evolving role of case history narratives in the growth of psychiatry as a medical profession

Patient Tales follows the development of psychiatric case histories from their origins at Edinburgh Medical School and the Royal Edinburgh Infirmary in the mid eighteenth century to the medical records of contemporary American mental health clinics. Spanning two centuries and several disciplines, Berkenkotter's investigation illustrates how discursive changes in this genre mirrored evolving assumptions and epistemological commitments among those who cared for the mentally ill. During the asylum era, case histories were a means by which practitioners organized and disseminated local knowledge through professional societies, affiliations, and journals. The way in which these histories were recorded was subsequently codified, giving rise to a genre. In her thorough reading of Sigmund Freud's *Fragment of an Analysis of a Case of Hysteria*, Berkenkotter shows how this account of Freud's famous patient Dora led to technical innovation in the genre through the incorporation of literary devices. In the volume's final section, Berkenkotter carries the discussion forward to the present in her examination of the turn from psychoanalysis to a research-based and medically oriented classification system now utilized by the American Psychiatric Association. Throughout her work, Berkenkotter stresses the value of reading case histories as an interdisciplinary bridge between the humanities and sciences. Genre Studies in Focus Faten

Haouioui, Hajer Ayadi, 2024-03-05. This collection of essays aims to revise genre theory and studies. Authors in this volume present and discuss different literary genres in transition. They investigate genre hybridization, transformation, reconciliation, and evolution. Therefore, the volume reconceptualizes the theory according to novel texts and contexts, for example, trans-generic film series, feminine poetry, and Arab women writing. It introduces new generic labels in travel literature and new sub-genres in Maghrebian literature. Genre blurs the boundaries between genre hierarchy labels and borderlines. We read a gothic text that encompasses trauma, testimony, resistance, and history. Moreover, scholars contributing to this collection astutely point out that genres are hybrid yet flexible by nature. They adopt a cross-cultural and interdisciplinary approach to genre theory. The volume targets researchers, theorists, and students reading and interpreting literary and historical texts alongside genre theory.

Recognizing the pretentiousness ways to acquire this ebook **Professional Discourse Britt Louise Gunnarsson** is additionally useful. You have remained in right site to start getting this info. get the Professional Discourse Britt Louise Gunnarsson member that we meet the expense of here and check out the link.

You could buy lead Professional Discourse Britt Louise Gunnarsson or acquire it as soon as feasible. You could speedily download this Professional Discourse Britt Louise Gunnarsson after getting deal. So, next you require the books swiftly, you can straight get it. Its correspondingly completely easy and suitably fats, isnt it? You have to favor to in this spread
