

2018-2019 PROFESSIONAL DEVELOPMENT PLAN

INTRODUCTION

The faculty and staff at Danville Community College are the principal strengths of the College. These strengths merit constant cultivation and enhancement through a professional development plan that will enable the College to continue to meet the changing needs of its service region.

Among the factors which govern the success of any professional development plan are individual initiative, acceptance of opportunity, and commitment of appropriate financial resources. Management responsibilities include commitment to the program, allocation of resources, sincere interest in and support for individuals undergoing training, and encouragement for those who are hesitant to expand their growth and development.

As a part of the College's *Strategic Plan*, College Goal No. 2 states that *The College will have an excellent and diverse faculty and staff.* Objectives identified that relate to professional development include the following:

1. To annually review current faculty and staff qualifications and discuss professional development plans and activities with each employee.
2. To ensure each year that 100 percent of all full-time and part-time faculty meet or exceed qualifications of the Commission on Colleges of the Southern Association of Colleges and Schools, the Virginia Community College System, and other accrediting agencies.
3. Increase the awareness of all faculty/staff of the value of diversity.
4. To promote wellness, by providing opportunities for faculty and staff participation in planned activities.
5. To have 100 percent of full-time teaching faculty submitting Annual Performance and Professional Development Objectives every year, and to have 100 percent of other full-time faculty/staff submitting an Individual Development Plan or an equivalent plan once every four years or as determined by the functional area.

As reflected in the goals and objectives of the College, the purpose of the Danville Community College Professional Development Plan is to foster the accomplishment of the basic educational mission of the College by enhancing and promoting the skills of all employees. Through improvement of the professional level of our human resources, we can provide a better education and service to the students of DCC.
