From Civil Partnerships to Same-Sex Marriage Nicola Barker, Daniel Monk, 2015-04-17 The Civil Partnership Act 2004 and the Marriage Same Sex Couples Act 2013 are important legal social and historical landmarks rich in symbolic material and cultural meanings While fiercely opposed by many within mainstream narratives they are often represented as a victory in a legal reform process that commenced with the decriminalisation of homosexuality Yet at the same time for others they represent a problematic and ambivalent political engagement with the institution of marriage Consequently understood or labelled as revolutionary progressive and conservative these legal reforms provide a space for thinking about issues that arguably affect everyone regardless of sexual orientation or relationship status This edited collection brings together scholars and commentators from a range of backgrounds generations and disciplines to reflect on the first ten years of civil partnerships and the introduction of same sex marriage Rather than rehearsing the arguments for and against relationship recognition the essays ask original questions draw on a variety of methods and collectively provide a detailed and reflective snap shot of a critical moment a history of the present as well as providing a foundation for innovative ways of thinking about and engaging with the possibilities and experiences arising from the new reality of relationship recognition for gays and lesbians

Anatomy of State Capture Nina Callaghan,Robyn Foley,Mark Swilling,2021-11-26 Following the release of the Public Protector s State of Capture Report in November 2016 South Africans have been witness to an explosion of almost daily revelations of corruption mismanagement and abuses by those entrusted to lead the nation The extent of this betrayal is overwhelming and it is often difficult to distil what actually happened during the Zuma administration This book draws on the insights and expertise of 19 contributors from various sectors and disciplines to provide an account of what transpired at strategic sites of the state capture project The ongoing threat of state capture demands a response that probes beyond what happened to understanding how it was allowed to happen The stubborn culture of corruption and misgovernance continue to manifest unabated and the predatory practices which enable state capture have not yet been disrupted It is our hope that the various case studies and analyses presented in
