Safeguarding, Child Protection and Abuse in Sport Melanie Lang, Mike Hartill, 2014-07-11 The safeguarding of children and young people participating in sport has become an increasingly prominent concern in policy making and research communities around the world Major organisations such as the IOC and UNICEF now officially recognize that children in sport can be at risk of exploitation and abuse and this concern has led to the emergence of new initiatives and policies aimed at protecting vulnerable young people and athletes This book is the first to comprehensively review contemporary developments in child protection and safeguarding in sport on a global level The book is divided into two parts Part One critically analyses current child protection and safeguarding policy and practice in sport across a range of countries including the US Canada the UK Australia China and Germany providing a global context for current policy and practice This represents the most comprehensive review to date of the landscape of child protection and safeguarding in sport and provides a starting point for critical international comparisons Part Two explores a range of issues related to child protection and safeguarding in sport including many not covered in previous books such as emotional abuse injury and over training

While in many instances the impetus for policy in this area has arisen from concerns about sexual abuse the second part of this book therefore opens up a broader more holistic approach to child and athlete welfare By bringing together many of the leading researchers working in child and athlete protection in sport from around the world this book is important reading for all advanced students researchers policy makers or practitioners working in youth sport physical education sports coaching coach education or child protection

Political Correctness Rachel Bozek, 2017-07-15 Political correctness better known as PC flourished in institutions of higher learning in the 1990s With the rise of social media a second wave of PC culture has emerged that is more aggressive than the first It seems to many that nearly everyone is a target at risk of being labeled a racist or misogynist based on one short tweet The movement though intended to be inclusive and pluralistic has its detractors Is political correctness protective or is it an attack on freedom Do knee jerk reactions cancel out the opportunity for thoughtful discourse And what does this culture mean for our future

Lawless David E. Bernstein, 2015-11-17 In *Lawless* George Mason University law professor David E Bernstein provides a lively scholarly account of how the Obama administration has undermined the Constitution and the rule of law *Lawless* documents how President Barack Obama has presided over one constitutional debacle after another Obamacare unauthorized wars in the Middle East attempts to strip property owners college students religious groups and conservative political activists of their rights and many more Violating his own promises to respect the Constitution's separation of powers Obama brazenly ignores Congress when it won't rubber stamp his initiatives We can't wait he intones when amending Obamacare on the fly or signing a memo legalizing millions of illegal immigrants as if Congress doing its job as a coequal branch of government somehow permits the president to rule like a dictator free from the Constitution's checks and balances President Obama has also presided over the bold and rampant lawlessness of his underlings Harry Truman famously said The buck stops here When confronted with allegations that his administration's actions are illegal Obama responds So sue me *Lawless* shows how President Obama has betrayed not only the Constitution but also his own stated principles In the process he has done serious and potentially permanent damage to our constitutional system As America swings into election season it will have to grapple with finding a president who can repair Obama's lawless legacy

Anti-Zionism on Campus Doron S. Ben-Atar, Andrew Pessin, 2018-03-30 Many scholars have endured the struggle against rising anti Israel sentiments on college and university campuses worldwide This volume of personal essays documents and analyzes the deleterious impact of the Boycott Divestment and Sanctions BDS movement on the most cherished Western institutions These essays illustrate how anti Israelism corrodes the academy and its treasured ideals of free speech civility respectful discourse and open research Nearly every chapter attests to the blurred distinction between anti Israelism and antisemitism as well as to hostile learning climates where many Jewish students staff and faculty feel increasingly unwelcome and unsafe *Anti Zionism on Campus* provides a testament to the specific ways anti Israelism manifests on campuses and considers how this chilling and disturbing trend can be combatted

Food Regulation and

Criminal Justice Nieto Martín, Ligeia Quackelbeen, Michele Simonato, 2017-06-09 This issue is the first milestone on the way to the XXth AIDP World Congress dedicated to Criminal Justice and Corporate Business. It brings together key proceedings of the International Colloquium on Food Regulation and Criminal Justice organised by the Chinese group of the AIPD in Beijing on September 23rd-26th 2016. The volume contains the resolutions adopted in Beijing, the general report, four transversal articles and several national reports. It offers a broad overview of the main challenges raised by contemporary food regulation as well as various responses provided by criminal law around the globe. The contributions deal with issues concerning food security, food safety and food fraud. They pay particular attention to the international dimension, the interaction with administrative enforcement mechanisms and the increasing relevance of self-regulation. The Campus Rape Frenzy KC Johnson, Stuart Taylor, Jr., 2018-05-22 In recent years politicians led by President Obama and prominent senators and governors have teamed with extremists on campus to portray our nation's institutions of higher learning as awash in a violent crime wave and to suggest preposterously that university leaders, professors and students are indifferent to female sexual assault victims in their midst. Neither of these claims has any bearing to reality. But they have achieved widespread acceptance thanks in part to misleading alarms from the Obama administration and biased media coverage led by The New York Times. The frenzy about campus rape has helped stimulate and has been fanned by ideologically skewed campus sexual assault policies and lawless commands issued by federal bureaucrats to force the nation's all too compliant colleges and universities essentially to presume the guilt of accused students. The result has been a widespread disregard of such bedrock American principles as the presumption of innocence and the need for fair play. This book uses hard facts to set the record straight. It explores among other things nearly two dozen of the cases since 2010 in which students who in all likelihood would have or have subsequently been found not guilty in a court of law have in a lopsided process been hastily and carelessly branded as sex criminals and expelled or otherwise punished by their colleges often after being tarred and feathered by their fellow students. And it shows why all students and eventually society as a whole are harmed when our nation's universities abandon pursuit of truth and seek instead to accommodate the passions of the mob. As detailed in the new Epilogue, some encouraging events have transpired since this book was first published in October 2016. A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases. And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike, revoked most of the guilt-presuming Obama-era policies and began a protracted rule-making process designed to compel procedural fairness and nondiscrimination. John Catt's Which School? 2012 Tom Wheare, Wendy Bosberry-Scott, 2011-09 First published in 1924, Which School brings together in one volume a wide range of information and advice updated annually on independent education for children up to the age of 18 years. Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 2015

United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Labor, Health and Human Services, Education, and Related Agencies, 2014

Title IX and the Protection of Pregnant and Parenting College Students Catherine L. Riley, Alexis Hutchinson, Carley Dix, 2022-05-17 This book explores the discrepancies among what protections Title IX provides to pregnant and parenting students what colleges communicate and what pregnant and parenting students actually experience To actually protect pregnant and parenting students the authors argue that a school must provide multifaceted support that is effectively communicated to an entire campus community including students who are parenting who are pregnant and who may become pregnant The first part of the book portrays the realities of pregnancy and parenting in college The chapters illuminate related Title IX applications population demographics how unplanned pregnancies in college occur and physical and mental health challenges that these students often experience The authors then discuss what compliance with Title IX legally entails and why meeting it is often an afterthought In the second half of the book the authors use mixed methods research to map the compliance landscapes of three schools in the southeast as examples a large state school a mid size private university and a small private college Offering eye opening interviews with pregnant and parenting students interdisciplinary research and proposals for multifaceted support and communication on college campuses this volume will engage students scholars and activists with an interest in higher education administration educational policy reproductive health bioethics gender studies and rhetoric

Federal Register, 2013-04

Liberty's Nemesis Dean Reuter, John Yoo, 2016-02-09 If there has been a unifying theme of Barack Obama's presidency it is the inexorable growth of the administrative state Its expansion has followed a pattern First expand federal powers beyond their constitutional limits Second delegate those powers to agencies and away from elected politicians in Congress Third insulate civil servants from politics and accountability Since its introduction in American life by Woodrow Wilson in the 20th Century the administrative state's has steadily undermined democratic self government reduced the sphere of individual liberty and burdened the free market and economic growth In *Liberty's Nemesis* Dean Reuter and John Yoo collect the brightest political minds in the country to expose this explosive unchecked growth of power in government agencies ranging from health care to climate change financial markets to immigration and more Many Americans have rightly shared the Founders' fear of excessive lawmaking but *Liberty's Nemesis* is the first book to explain why the concentration of power in administrative agencies in particular is the greatest and most overlooked threat to our liberties today If we fail to curb it our constitutional republic might easily devolve into something akin to the statist governments of Europe President Obama's ongoing efforts to encourage just such a devolution and the problems his administration faces as a consequence present a critical opportunity to defend the original vision of the Constitution

Suspended For Life C. Twiggy Billue, 2014-07-16 **SUSPENDED FOR LIFE** takes an empirical look via real experiences at how Zero Tolerance Policies contained in the schools Code of Conduct disregards the rights of the student especially students with disabilities These policies are failing students everywhere

including my residence of Syracuse New York Statistically these unfair and biased Zero Tolerance Policies have led to very high suspension rates affecting mainly inner city students but overwhelmingly target students with IEPs 504 Accommodations the untested but suspected LD student and the intellectually gifted student Healthcare Mental Health and Medical Privacy HIPPA now play large roles in school especially in decisions to suspend a student however coupled with a school districts Code of Conduct they have become a crucial aspect for suspension Once you understand the link between a referral to In School Suspension ISSwarehousing students or a referral for Out of School Suspension OSS push out of students you will realize that in most cases suspension can lead directly to the prison industrial complex for our young women and men Stopping this from happening to your student may depend on how well you are prepared to advocate for your child We must not allow suspension to push out our children because ostensibly it may be ensuring them a life sentence of unemployment crime or even death We say it starts at home with the parents so if we can better understand our student s rights and the rights we have as parents we can better prepare ourselves to advocate for our student and to hold the school district accountable for the Education of Our Children

The Practical Guide to HIPAA Privacy and Security Compliance, Second Edition Rebecca Herold, Kevin Beaver, 2014-10-20 Following in the footsteps of its bestselling predecessor The Practical Guide to HIPAA Privacy and Security Compliance Second Edition is a one stop up to date resource on Health Insurance Portability and Accountability Act HIPAA privacy and security including details on the HITECH Act the 2013 Omnibus Rule and the pending rules Updated and revised with several new sections this edition defines what HIPAA is what it requires and what you need to do to achieve compliance The book provides an easy to understand overview of HIPAA privacy and security rules and compliance tasks Supplying authoritative insights into real world HIPAA privacy and security issues it summarizes the analysis training and technology needed to properly plan and implement privacy and security policies training and an overall program to manage information risks Instead of focusing on technical jargon the book spells out what your organization must do to achieve and maintain compliance requirements on an ongoing basis

When Is Free Speech Hate Speech? Martin Gitlin, 2017-07-15 Free speech is guaranteed under the First Amendment Although it may hurt and offend hate speech is still free under most circumstances But what happens when institutions like universities adopt policies prohibiting offensive speech Do such policies cause more harm than good Should measures be taken to curb threatening or insulting comments Or does that amount to little more than censorship Is our quest to be polite and politically correct curtailing opportunities to express learn and grow When does free speech become criminally threatening These questions and more are thoughtfully examined in this important resource

The Transformation of Title IX R. Shep Melnick, 2018-03-06 One civil rights era law has reshaped American society and contributed to the country s ongoing culture wars Few laws have had such far reaching impact as Title IX of the Education Amendments of 1972 Intended to give girls and women greater access to sports programs and other courses of study in schools and colleges the law has since been used by

judges and agencies to expand a wide range of antidiscrimination policies most recently the Obama administration's 2016 mandates on sexual harassment and transgender rights In this comprehensive review of how Title IX has been implemented Boston College political science professor R Shep Melnick analyzes how interpretations of equal educational opportunity have changed over the years In terms accessible to non lawyers Melnick examines how Title IX has become a central part of legal and political campaigns to correct gender stereotypes not only in academic settings but in society at large Title IX thus has become a major factor in America's culture wars and almost certainly will remain so for years to come

Governance Feminism Janet Halley, Prabha Kotiswaran, Rachel Rebouché, Hila Shamir, 2019-03-26 An interdisciplinary multifaceted look at feminist engagements with governance across the global North and global South Governance Feminism Notes from the Field brings together nineteen chapters from leading feminist scholars and activists to critically describe and assess contemporary feminist engagements with state and state like power Gathering examples from North America South America Europe Asia and the Middle East it complements and expands on the companion volume Governance Feminism An Introduction Its chapters argue that governance feminism GF is institutionally diverse and globally distributed emerging from traditional sites of state power as well as from various forms of governance and operating at the grassroots level in the private sector in civil society and in international relations The book begins by confronting the key role that crime and punishment play in GFeminist projects Here contributors explore the ideological and political conditions under which this branch of GF became so robust and rethink the carceral turn Other chapters speak to another face of GFeminism feminists finding in mundane and seemingly unspectacular bureaucratic tools leverage to bring about change in policy and governance practices Several contributions highlight the political strategic and ethical challenges that feminists and LGBT activists must negotiate to play on the governmental field The book concludes with a focus on feminist interventions in postcolonial legal and political orders looking at new policy spaces opened up by conflict postconflict and occupation Providing a clear cross cutting critical lens through which to map developments in feminist governance around the world Governance Feminism Notes from the Field makes sense of the costs and benefits of current feminist realities to reimagine feminist futures Contributors Libby Adler Northeastern U Aziza Ahmed Northeastern U Elizabeth Bernstein Barnard College Amy J Cohen Ohio State U Karen Engle U of Texas at Austin Jacob Gersen Harvard U Leigh Goodmark U of Maryland Aeyal Gross Tel Aviv U Aya Gruber U of Colorado Boulder Janet Halley Harvard U Rema Hammami Birzeit U Palestine Vanja Hamzi U of London Isabel Cristina Jaramillo Sierra Prabha Kotiswaran King's College London Maleiha Malik King's College London Vasuki Nesiah New York U Dianne Otto Melbourne Law School Helen Reece Darren Rosenblum Pace U Jeannie Suk Gersen Harvard U Mariana Valverde U of Toronto

Information Privacy Fundamentals for Librarians and Information Professionals Cherie L. Givens, 2014-10-14 As more information is collected shared and mined the need to understand and manage information privacy has become a necessity for information professionals Governments across the globe have enacted information privacy laws These laws

continue to evolve and the information privacy protections that have been established differ by country A basic understanding of privacy law information privacy approaches and information security controls is essential for information professionals to properly manage private personally identifiable information PII in differing capacities in libraries academic institutions corporations hospitals and state and federal agencies Understanding and knowledge of applicable privacy laws and the ability to write privacy policies and procedures for the proper handling of PII are crucial skills for librarians and other information managers Information Privacy Fundamentals for Librarians and Information Professionals is tailored to the needs of librarians and information professionals It introduces library and information professionals to information privacy provides an overview of information privacy in the library and information science context U S privacy laws by sector information privacy policy and key considerations when planning and creating a privacy program **Policy and Politics for Nurses and Other Health Professionals: Advocacy and Action** Donna M. Nickitas, Donna J. Middaugh, Veronica Feeg, 2018-08-22 Policy and Politics for Nurses and Other Health Professionals Third Edition focuses on the idea that all healthcare providers require a fundamental understanding of the healthcare system including but not limited to knowledge required to practice their discipline
