R12 Oracle Students Guide:

A Practical Guide to Implement Oracle E-Business Suite Anant Porwal, 2016-09-26 Planning, executing and controlling the implementation process for Oracle E Business Suite is no easy task but done right can do wonders for your business. Anant Porwal, a certified master in Oracle Financials with twenty years of experience helping businesses implement the suite of applications, provides a comprehensive blueprint to get the most value out of the product with this implementation guide. The first section highlights high-level features of core Oracle E Business Suite applications, including various technology pieces. It also explains how the applications allow for flexibility in accounting and in processing transactions. The second section explores how to implement the suite of applications from identifying the goals you want to achieve, selecting and building an implementation team, designing an implementation process, documenting and tracking progress, and taking the necessary steps to ensure implementation is a success. *A Practical Guide to Implement Oracle E Business Suite* is a must-read for all members of companies planning Oracle implementation, including stakeholders, project managers, team members, and consultants alike. It provides insight into the intricacies and efforts for implementing very complex packages of Oracle E Business Suite.

Oracle E-Business Suite R12.x HRMS - A Functionality Guide Pravin S. Ingawale, 2015-06-25 Oracle's E Business Suite Human Capital Management enables organizations to architect a global foundation for HR data and improved business processes. The book starts by introducing Oracle Application E Business Suite, its architecture, and how to set up the preliminary components such as roles, groups, and profile options. As you progress through the chapters, you will learn to define common data from an enterprise perspective, such as the unique structures for jobs, positions, job groups, and other business entities. As we move from learning the core HR structures, you will learn to implement people management concepts such as maintaining personal information, identifying assignments, managing assignments of personnel, changing assignments, and terminating an assignment or employee. By the end of this book, you will have a thorough knowledge of implementing a fully functional HR system based on strategic business needs, along with a detailed understanding of the key functions and benefits of Oracle HCM.
