regulation working with technology specific groups such as girls with autism Linking theory and practice in an engaging and easy to follow format The book provides practical ideas that are immediately helpful for busy professionals to guide clinical decision making and intervention It is an invaluable addition to the tool kit of any speech and language therapist as well as other professionals wanting an overview of how to work with autistic children and young people in our neurodiverse society

The Semantics of Colour C. P. Biggam,2012-03-29 This book presents the basic principles of modern colour semantics and discusses the crucial differences between modern and historical colour studies [Resources in education](#) ,1987-03

Good Teaching for Children with SEND Alison Silby,Ann Callander,2025-05-14 Trainee and beginning primary school teachers must learn how to support children to overcome or reduce barriers to learning They need to build confidence in their use of teaching approaches that support Good Teaching for SEND Good Teaching for All This practical textbook presents evidenced based Adaptive Teaching strategies foundation knowledge and classroom approaches to support the learning of all children Each chapter links to a Teachers Standard and includes adaptable exemplar teaching activities based on what we know works in classrooms This is a core text for primary teacher training supporting new teachers to ensure their classrooms are truly inclusive for all children including those with SEND **SEND Strategies for the Primary Years** Georgina Durrant,2024-06-06 Georgina Durrant s SEND Strategies for the Primary Years won the ERA s Educational Book Award 2025 With as many as 13% of children in schools in England receiving some form of SEN support and waiting times of up to 3 5 years for a child to receive a formal diagnosis there is a critical need for strategies teachers can use in the classroom and parents can use at home now SEND Strategies for the Primary Years is the solution you ve been looking for The book gives teachers and parents practical strategies that they can put in place while they wait for diagnoses assessment or support The strategies are practical easy to implement and resource Relevant to children who may be impacted by a range of SEND including autism PDA ADHD dyslexia DCD dyscalculia sensory processing differences speech language and communication needs and more The book is split into seven areas of difficulties and provides the relevant support for Speech language and communication Literacy Numeracy Motor skills Emotional regulation Sensory differences Concentration and organisation Each chapter contains simple effective actions to differentiate and improve learning outcomes for pupils who need more support in the classroom as well as at home Each activity is supported by a demonstrative video accessible via QR code This book and the strategies can be used by any teacher or parent not just SEND specialists Georgina Durrant is a former teacher and SENDCO and the founder of The SEN Resources Blog a leading SEND website in the UK and this book features her trademark neuro affirmative supportive approach throughout **English Historical Semantics** Christian Kay,2015-10-08 This guide gives students a solid grounding in the basic methodology of how to analyse corpus data to study new words entering the language or language change **Navigating AAC** Alison Battye,2022-09-30 Speech and Language Therapists are assumed to have a knowledge of AAC Augmentative and Alternative Communication The reality is that unless

they have had a student clinical placement in this field they will qualify with very little experience in this area This book is an approachable guide to AAC and covers the various types including paper based and voice output communication aids There is guidance on how to assess a person who might need AAC and how to work collaboratively with those who support the person on a daily basis The author discusses the importance of core vocabulary alongside a personalised vocabulary There are pointers for referring to specialised services signposting families to alternative sources of funding and making a business case for buying AAC equipment Written by an expert in the field this book provides tips and strategies for SLTs who are brand new to AAC as well as experienced clinicians wanting to gain further confidence in working with this varied client group

Language for Learning in the Primary School Sue Hayden, Emma Jordan, 2023-08-31 The third edition of *Language for Learning in the Primary School* is an indispensable resource packed full of practical suggestions on how to support 5 11 year old children with speech language and communication needs Colour coded throughout for easy referencing this unique book supports inclusive practice by helping teachers to Identify children with speech language and communication needs SLCN Understand speech language and communication skills Consider roles and responsibilities at primary school Plan a differentiated and adapted curriculum Consider the language demands across subjects Adopt a whole school approach Make use of a wide range of positive strategies to support children in the classroom Empower children to access the curriculum Fully revised and updated *Language for Learning in the Primary School* 3rd edition comes complete with a wealth of photocopiable and downloadable resources giving teachers and teaching assistants the confidence to help children with SLCN more effectively in mainstream settings It will also be an extremely useful resource for speech and language therapists specialist teachers and educational psychologists

Working Effectively With Your Teaching Assistant Sara Alston, 2023-02-02 From Sara Alston co author of *The Inclusive Classroom* comes a new book supporting primary teachers to work more effectively with their teaching assistants to promote children s learning Specifically focused for early career teachers this book provides valuable support for managing this vital but potentially challenging relationship *Working Effectively With Your Teaching Assistant* supports teachers in maintaining classroom relationships including working with the expert or inexperienced TA It explains different TA roles including the role of the classroom TA or learning support assistant the special needs assistant and 1 1 TA different forms of intervention including pre and over learning and the importance of ensuring that all children access quality first teaching how to work collaboratively including ways of sharing planning and feedback differentiation strategies promoting independence and how to support each other beyond the classroom Featuring quotes from TAs about their classroom experience and what would help them plus solutions for when things don t go to plan this book will help primary teachers to have a significant impact on learning while saving themselves time and reducing stress

New Trends of Research in Ontologies and Lexical Resources Alessandro Oltramari, Piek Vossen, Lu Qin, Eduard Hovy, 2013-02-01 In order to exchange knowledge humans need to share a common lexicon of words

as well as to access the world models underlying that lexicon What is a natural process for a human turns out to be an extremely hard task for a machine computers can't represent knowledge as effectively as humans do which hampers for example meaning disambiguation and communication Applied ontologies and NLP have been developed to face these challenges Integrating ontologies with possibly multilingual lexical resources is an essential requirement to make human language understandable by machines and also to enable interoperability and computability across information systems and ultimately in the Web This book explores recent advances in the integration of ontologies and lexical resources including questions such as building the required infrastructure e.g. the Semantic Web and different formalisms methods and platforms for eliciting analyzing and encoding knowledge contents e.g. multimedia emotions events etc The contributors look towards next generation technologies shifting the focus from the state of the art to the future of Ontologies and Lexical Resources This work will be of interest to research scientists graduate students and professionals in the fields of knowledge engineering computational linguistics and semantic technologies

Technology for SEND in Primary Schools Helen Caldwell, Stephen Cullingford-Agnew, 2017-10-23 With so many new education technologies being developed and made available to schools how do teachers ensure they select resources that enhance inclusive teaching in the classroom How can you make sure new technologies are integrated into every day teaching This new text supports trainee and beginning teachers to harness the power of technology to make their classrooms truly inclusive It helps you make informed selections of new technology and resources and make them work for everyone in your classroom Along with clear guidance on how to implement an inclusive approach to the use of technology across a broad range of needs and curriculum themes linking practical examples with discussion of pedagogical considerations this practical book focuses on cutting edge technologies supports teachers to develop the knowledge and skills they need offers advice on how to assess individual learning and communication needs develops an understanding of the pedagogy needed to embed inclusive technology within whole class teaching

Supporting the Development of Speech, Language and Communication in the Early Years Diana McQueen, Jo Williams, 2022-10-21 Speech and language impairment can have a huge impact on cognitive development Identifying what is going wrong and what effective intervention looks like can be daunting Short of retraining you as a speech and language therapist this thorough guide will give you everything you need to change that An essential resource the book contains a wide variety of online resources including phonological and sound awareness documents assessment tools and recording forms that can be downloaded straight to your device providing excellent materials and activities to use in the classroom Written by speech and language therapists and designed exclusively for Early Years practitioners this book provides a complete overview of how children acquire language and what language impairments look like at this age You will find both strategic and practical advice on how to manage and encourage the development of speech and language skills Creating the optimum communication environment for every child in your setting is an important part of what the book offers Equally

practitioners are supported to be able to recognise the features of specific language difficulties such as Developmental Language Disorder DLD and feel confident to intervene when children are struggling

Visualizing the Semantic Web Vladimir Geroimenko, Chaomei Chen, 2013-06-29 Vladimir Geroimenko and Chaomei Chen The Semantic Web is a vision that has sparked a wide ranging enthusiasm for a new generation of the Web The Semantic Web is happening The central idea of this vision is to make the Web more understandable to computer programs so that people can make more use of this gigantic asset The use of metadata data about data can clearly indicate the meaning of data on the Web so as to provide computers with enough information to handle such data On the future Web many additional layers will be required if we want computer programs to handle the semantics the meaning of data properly without human intervention Such layers should deal with the hierarchical relationships between meanings their similarities and differences logical rules for making new inferences from the existing data and metadata etc Dozens of new technologies have emerged recently to implement these ideas XML eXtensible Markup Language forms the foundation of the future Web RDF Resource Description Framework Topic Maps and many other technologies help to erect a multi storey building of the Semantic Web layer by layer by adding new features and new types of metadata According to Tim Berners Lee the inventor of the current Web and the Semantic Web it may take up to ten years to complete the building The new Web will be much more complex than the current one and will contain enormous amounts of metadata as well as data

Beating Bureaucracy in Special Educational Needs Jean Gross, 2023-07-18 Are you overwhelmed by the amount of paperwork that SEND generates in your school Would you like to spend more time improving the quality of teaching and learning for pupils with SEN or disabilities If so this is an essential book for you Beating Bureaucracy in Special Educational Needs shows how schools can tackle SEND bureaucracy by reducing the need for provision that is additional to or different from that available to all pupils through developing inclusive environments curricula and teaching This means placing fewer children on SEND registers and focusing SEND Code of Practice procedures squarely on those pupils with more complex needs Fully revised and updated the fourth edition of this bestselling practical text demonstrates what can be achieved with new case studies describing schools with outstanding SEND provision inclusive teaching and successful partnerships with parents The book also explores how SENCOs can effectively reduce their workloads by making the most of technology and by distributing responsibility to class and subject teachers and middle and senior leaders rather than operating as a lone voice A toolkit of ready to use proformas also available as an online resource includes a model policy to give to Ofsted information for parents including the facts on Velcro 1:1 support in the classroom strategy sheets for all the main types of SEND provision maps and proformas to help you plan monitor and evaluate your provision Full of helpful and achievable strategies this book is an essential resource for school leaders SENCOs and anyone undertaking national SENCO qualifications It shows how to put responsibility for supporting children with additional needs firmly back where it belongs and will help you in the words of one SENCO get your life back

Starting Out as a Primary SENCo Lynn How, 2024-10-24 Everything you need to succeed as a SENCO in one handy guide Starting Out as a Primary SENCO is a completely introductory and accessible guide to your first SENCO role With detailed step by step guides for finding your first post through to your first day and year in the role this handbook is the perfect antidote to what can be an overwhelming new responsibility This book contains information about everything from release time to pay wellbeing to progression and from assessment to implementing whole school approaches Templates of all key paperwork including one page student profiles workload overviews and child annual review documents are explained and included as downloadable online resources Author Lynn How is a SENCO expert with over 20 years of experience and runs award winning blog positiveyoungmind.com *Understanding the Complex Phenomenon of Suicide: From Research to Clinical Practice, Volume II* Domenico De Berardis, Massimo Di Giannantonio, Giovanni Martinotti, 2022-08-29 **German**

Colour Terms William Jervis Jones, 2013-06-15 This monograph provides for the first time a comprehensive historical analysis of German colour words from early beginnings to the present based on data obtained from over one thousand texts Part 1 reviews previous work in colour linguistics Part 2 describes and documents the formation of popular colour taxonomies and specialised nomenclatures in German across many periods and fields The textual data examined will be of relevance to cultural historians in fields as far apart as philosophy religious symbolism medicine mineralogy optics fine art fashion and dyeing technology Part 3 the core of the work traces linguistic developments in systematic detail across more than twelve centuries Special attention is given to the evolving meanings of colour terms their connotative values figurative extensions morphological productivity and lexicographical registration New light is shed on a range of scholarly issues and controversies in ways relevant to German lexicologists and to specialists in other languages notably French and English
