Return To Me:

Return to Me Sharon Udy Storrs, 2024-06-05 *Return to Me* is a historical fiction work which is written to be used as an impactful educational resource for students who are studying World War II. The book covers all 5 fronts of the war with a clear explanation of the role the key players Hitler, Mussolini, Stalin, Churchill, Roosevelt, and the Empire of Japan played in the escalation and eventual resolution of the war. The story is intertwined with characters living in a small town nestled in the Rocky Mountains during the Depression and World War II. Nate and Bea Roundy and their family, as well as their community and the rest of the country, are impacted by the Depression followed on the heels of the senseless loss of millions of lives and the devastation and destruction of WWII. Nate's sister Ruth is serving as a nurse and is captured as a POW in the Philippines. Will they ever see her again? Her fiancé is serving as an American spy in Italy on the Italian Front. Will they ever be together again and realize their dream of getting married? The death of Nate's sister in childbirth leaves 8 motherless children in the care of a dysfunctional stepmother. What will become of them? What will become of Blake and his sweetheart Anna now that he has enlisted as a medic and is serving in the Normandy invasion? What will become of Bobby, his best friend who is shot down in German territory? Will he live to tell his story? Members of the community find themselves being drafted into the war on many fronts. The story covers their challenges, love stories, tragedies, and atrocities that occur in war as well as at home and is laced with examples of courage and valor. The question is: will their family ever be united again, and if so, will it ever be the same? We hope that you will thoroughly enjoy reading *Return to Me* written by Sharon Storrs. It's an educational, interesting, and informative presentation of World War II and the valiant souls who fought and gave the ultimate sacrifice to rid the world of the demons of World War II.

Return to Me, My Love John P. Schwulst, 2010-05 *Return to Me, My Love* is an in-depth look at the end times prophecies concerning the Jews and Israel as seen through the eyes of St. John the Revelator. Most books on the Revelation attempt to interpret what John was trying to say but contend that he couldn't find the correct words to describe the visions he was given. Such interpretations are not very helpful in the understanding of the Revelation or the entire panoply of end times prophecy for that matter. The Revelation defines and explains each of the terms it uses if the reader will carefully consider John's words in light of all the prophecies of the Old and New Testaments taken together as a whole. This book does exactly that. It is a literal approach to the study of Prophecy. Over 500 pages of additional research materials are available online to prove what is contained in the book. In *Return to Me*

My Love the author assumes the role of St John as he explains each verse of the Revelation to his reading audience and shows them how it foretells the entire counsel of God concerning the Last Days In this book the reader will be shown how God took the people of Israel as his wife but after bearing with their centuries of apostasy against him he finally wrote them a Bill of Divorce and sent them away Yet the Lord was not done with Israel and just as he wrote in Hosea he was determined to allure her and eventually bring her back to him We are seeing that story being played out as we watch the modern State of Israel struggle without her Messiah Jesus The Tribulation that is coming in last days Israel will be God s way of testing his Jewish people purging the nation of its apostasy and taking back the remnant of his Chosen People to be his wife hence the title of the book This is a must read and is unlike anything currently available on prophecy Every Christian needs to understand prophecy in order to be ready to assist the Jews when their time of trial begins *Return to Me : A Tragic Gay Romance* James Oliver French,2014-11-23 What would you do if the man you loved vanished without a trace Kyle and Todd meet at a party in their freshman year at college They fall in lust at first sight then deep in love In spite of Kyle s melancholy past their future together looks bright Then Kyle disappears leaving Todd heartbroken and alone and their dreams in ruins Fifteen years later Todd i s a successful but lonely psychiatrist He still hasn t come to terms with the loss of his first love When a dangerous amnesiac arrives at the hospital Todd is forced to confront the past and is driven to find answers to the questions that have haunted him all these years Praise for Return to Me A powerful off the grid and fascinating read 5 stars from The Novel Approach I didn t know just how much I was going to end up loving James Oliver French s debut novel despite how much it shattered my heart into little pieces 5 stars from Sinfully Sexy Book Reviews one of the best I have read this year and there have been quite a few to choose from 5 stars from Multitaskingmamma This author has written one of the most brilliant and heartfelt stories 5 stars from Gay Media Reviews I haven t read many m m books but this one absolutely blew me away 5 stars from R J Prescott author of The Hurricane It takes phenomenal talent for an author to touch a reader so deeply 4 5 stars from The Smutsonian Oh My God There goes my early night 4 stars from Boy Meets Boy Reviews

[Return to Casablanca](#) André Levy,2015-11-04 Moroccan born Israeli anthropologist Andre Levy here presents a deeply nuanced and highly readable study of the relations between Moroccan Jews and Muslims past and present Levy s return to his birthplace in Casablanca proceeds through several interrelated settings There is the first encounter of return fraught with fear and uncertainty when as an Israeli arriving with papers granted by a third nation to come back to a country that has both repelled him and encouraged his permanent return he finds his worries multiplied by the events of the Gulf War As if he were behind enemy lines he approaches everything with understandable trepidation only to discover directly what he had long known intellectually that Morocco continues to relate to its Jewish population with all the features of its historic ambivalence and ambiguity on full display As he moves through the different contexts and domains of his return he addresses these factors in ways both personal and analytic As the book progresses the reader is introduced to a variety of other contexts of the Moroccan Jewish experience From the card players and beach etiquette to the shared use of public baths and the visits by Muslims to Jewish ritual events the reader catches the sense of old patterns now approached with great wariness by a population that is much diminished both in size and in the daily experience of the dominant Muslim population Moroccan Voyage is an exceptional read and should be ideal for use in a variety of courses in anthropology Jewish studies and Middle East studies
