The Big Book of Cyberpunk Jared Shurin, 2023-09-26 A genre defining and redefining collection of the boldest most rebellious and most prescient speculative fiction featuring stories from all over the globe The sky above the port was the color of television tuned to a dead channel Almost forty years ago William Gibson wrote the line that began Neuromancer and a movement that would change the face of science fiction Award winning anthologist Jared Shurin brings together over a hundred stories from more than twenty five countries that both establish and subvert the classic cyberpunk tropes and aesthetic from gritty near future noir to pulse pounding action Urban rebels undermine monolithic corporate overlords Daring heists are conducted through back alleys and the darkest parts of the online world There's dangerous new technology cybernetic enhancements scheming AI corporate mercenaries improbable weapons and roguish hackers These tales examine the near now extrapolating the most provocative trends into fascinating and plausible futures We live in an increasingly cyberpunk world

packed with complex technologies and globalized social trends A world so bizarre that even futurists couldn't explain it though many authors in this book have come closer than most As both an introduction to the genre and the perfect compendium for the lifelong fan The Big Book of Cyberpunk offers a hundred ways to understand where we are and where we're going

Lessons for the Future Dr David Hicks, David Hicks, 2003-08-27 Drawing on the latest research in futures studies this book provides new insights into ways of helping both students and teachers think more critically and creatively about their own future and that of wider society It acknowledges the crucial role of education in helping young people understand the nature of local and global change and the social and environmental impacts such change will have on their future Setting out a clear educational rationale for promoting global and futures perspective in education it provides helpful and stimulating examples of futures orientated classroom activities It also includes fascinating research into children's views of the future

Welcome to Fear City Nathan Holmes, 2018-09-26 2019 CHOICE Outstanding Academic Title The early 1970s were a moment of transformation for both the American city and its cinema As intensified suburbanization racial division deindustrialization and decaying infrastructure cast the future of the city in doubt detective films blaxploitation police procedurals and heist films confronted spectators with contemporary scenes from urban streets Welcome to Fear City argues that the location shot crime films of the 1970s were part of a larger cultural ambivalence felt toward urban life evident in popular magazines architectural discourse urban sociology and visual culture Yet they also helped to reinvigorate the city as a site of variegated experience and a positively disordered public life in stark contrast to the socially homogenous and spatially ordered suburbs Discussing the design of parking garages and street lighting the dynamics of mugging panoramas of ruin and the optics of undercover police operations in such films as Kluge The French Connection Detroit 9000 Death Wish and The Taking of Pelham One Two Three Nathan Holmes demonstrates that crime genres did not simply mirror urban

settings and social realities but actively produced and circulated new ideas about the shifting surfaces of public culture
