Babin,Marko Sarstedt,2019-03-18 This commemorative volume honors the contributions of Prof Joseph F Hair Jr who through his writings leadership and mentoring has had a profound influence on marketing and other fields of business research He is widely known for sidestepping mathematically complex ways of teaching statistical approaches with an eye toward making the tools accessible to the average behavioral researcher Joe is also a bona fide researcher whose work has had a massive impact on marketing and business research in general The book provides revealing insights on his works and acknowledges his role as an outstanding teacher and mentor who has shaped generations of researchers *Achieving a Strategic Sales Focus* Kenneth Le Meunier-FitzHugh,Tony Douglas,2016 The main aim of this book is to consider how the sales function informs business strategy Although there are a number of books available that address how to manage the sales team tactically this text addresses how sales can help organizations to become more customer oriented Many organizations are facing escalating costs and a growth in customer power which makes it necessary to allocate resources more strategically The sales function can provide critical customer and market knowledge to help inform both innovation and marketing Sales are responsible for building customer knowledge networking both internally and externally to help create additional customer value as well as the more traditional role of managing customer relationships and selling The text considers how sales organizations are responding to increasing competition more demanding customers and a more complex selling environment We identify many of the challenges facing organisations today and offers discussions of some of the possible solutions This book considers the changing nature of sales and how activities can be aligned within the organization as well as marketing sensing creating customer focus and the role of sales leadership The text will include illustrations short case studies provided by a range of successful organizations operating in a number of industries Sales and senior management play an important role in ensuring that the sales teams activities are aligned to business strategy and in creating an environment to allow salespeople to be more successful in developing new business opportunities and building long term profitable business relationships One of the objectives of this book is to consider how conventional thinking has changed in the last five years and integrate it with examples from sales practice to provide a more complete picture of the role of sales within the modern organization **Achieving Peak Sales Performance for Optimal Business Value and Sustainability** Brown, Carlton,2019-10-25 Businesses today face many obstacles but one major hurdle is optimizing sales performance and achieving peak levels of execution In recent years there

has been a significant decline in sales performance among businesses internationally. Many professionals attribute this disparity to the lack of attention towards certain business techniques including Sales Peak Performance and Business to Business Strategies like this lack empirical validity and further investigation on the implementation of these approaches could significantly impact the business world. Achieving Peak Sales Performance for Optimal Business Value and Sustainability is a collection of innovative research on the methods and applications of various elements that influence sales peak performance including personal organizational and symbiotic determinants. While highlighting topics including emotional intelligence personal branding and customer relationship management this book is ideally designed for sales professionals directors advertisers managers researchers students and academicians seeking current research on insights and advancements of business sustainability and sales peak performance.

The Oxford Handbook of Strategic Sales and Sales Management David W. Cravens, Kenneth Le Meunier-FitzHugh, Nigel F. Piercy, 2012-11-22. The Oxford Handbook of Strategic Sales and Sales Management is an unrivalled overview by leading academics in the field of sales and marketing management. Sales theory is experiencing a renaissance driven by a number of factors including building profitable relationships creating delivering brand value strategic customer management sales and marketing relationships global selling and the change from transactional to customer relationship marketing. Escalating sales and selling costs require organisations to be more focused on results and highlight the shifting of resources from marketing to sales. Further the growth in customer power now requires a strategic sales response and not just a tactical one. The positioning of sales within the organisation the sales function and sales management are all discussed. The Handbook is not a general sales management text about managing a sales force but will fill a gap in the existing literature through consolidating the current academic research in the sales area. The Handbook is structured around four key topics. The first section explores the strategic positioning of the sales function within the modern organisation. The second considers sales management and recent developments. The third section examines the sales relationship with the customer and highlights how sales is responding to the modern environment. Finally the fourth section reviews the internal composition of sales within the organisation. The Handbook will provide a comprehensive introduction to the latest research in sales management and is suitable for academics professionals and those taking professional qualifications in sales and marketing.
