Delameter,2011-05-10 It is 2050 and after years of denial it had become a grim reality The Earth was dying With limited time to find and establish another habitable planet in one of the many universes the leaders of the New Interplanetary Space Agency finally overcome aging issues and decide to send a group of fifteen young orphans into space to carry out the mission Eleven year old Drago and the other orphans from around the world are happy to leave their old lives behind as their ship hurls through space With three adults on board as their guardians all seems to be going well some ninety days into their journeyuntil one of the scientists charged with watching the universe through the Hubble telescope notices an anomaly Unfortunately the blur on the telescope lens is not a piece of space fuzz as he had hopedit is a monster wormhole that has consumed the ship sending the innocent children on board into a different galaxy and toward an unknown planet As the ship enters its landing orbit around a strange planet Drago and the space orphans have no idea they are about to begin the adventure of a lifetime *The Argosy* ,1902 Drago's Vendetta Jim Meehan,2020-02-07 Drago s Vendetta By Jim Meehan

Drago s Vendetta is the story of a man seeking vengeance for the loss of his family in an early World War II bombing A former fighter pilot he sees the recovery of a lost fighter plane as the means to take the war to the bombers who have killed his wife and son The story takes place around a small island near Sicily and intimately chronicles the man s hatred of the war and the belligerents who have taken his loved ones and made his peaceful home a battleground Repairing the fighter with the help of trusted local fishermen he begins flying against both German and British bombers from a hidden strip of beach keeping his secret from his remaining teenage daughter and the other islanders A thriving black market supplies him with fuel and ammunition The British on Malta and the Germans in Sicily soon notice the loss of aircraft to an unmarked fighter and plans are put in motion to find and eliminate it His missions become more difficult as the Mediterranean air war intensifies The grieving widower attracts the sympathy and interest of the local school teacher and also a recent widow who find themselves in competition for his attention Characters in the story also include British German and Italian air crews a Sicilian bar girl involved with a German flyer and the embattled islanders themselves **Classic Home Video Games,**

Marines and Renegades Gene Rackovitch, 2011-01-15 In December of 1945 on Guam, two Japanese soldiers attempted to surrender to a patrol of Marines. The Marines, assuming them to be armed, shot and killed them. Another Japanese soldier witnessed the incident from the jungle. He fled, and his previous assessment of the treacherous Americans was enhanced. His zeal for retribution became ingrained in his psyche. In September of 1946, four Marines on a routine patrol seeking renegade Japanese who had been stealing from the outlying villages on Guam were ambushed by the renegades. One of them was the zealous Japanese soldier. The incident brings about a chain of events that leaves the reader wondering who are the true renegades: The Marines or the Japanese.

The Oxford Handbook of Externalizing Spectrum Disorders Theodore P. Beauchaine, Stephen P. Hinshaw, 2015-10-01 Recent developments in the conceptualization of externalizing spectrum disorders, including attention deficit hyperactivity disorder, conduct disorder, antisocial personality disorder, and substance use disorders, suggest common genetic and neural substrates. Despite this, neither shared vulnerabilities nor their

implications for developmental models of externalizing conduct are captured by prevailing nosologic and diagnostic systems such as the DSM 5 The Oxford Handbook of Externalizing Spectrum Disorders is the first book of its kind to capture the developmental psychopathology of externalizing spectrum disorders by examining causal factors across levels of analysis and developmental epochs while departing from the categorical perspective World renowned experts on externalizing psychopathology demonstrate how shared genetic and neural vulnerabilities predispose to trait impulsivity a highly heritable personality construct that is often shaped by adverse environments into increasingly intractable forms of externalizing conduct across development Consistent with contemporary models of almost all forms of psychopathology the Handbook emphasizes the importance of neurobiological vulnerability and environmental risk interactions in the expression of externalizing behavior across the lifespan The volume concludes with an integrative ontogenic process model of externalizing psychopathology in which diverse equifinal and multifinal pathways to disorder are specified

Development of a Full-scale Transmission Testing Procedure to Evaluate Advanced Lubricants David G. Lewicki,1992 Experimental tests were performed on the OH 58A helicopter main rotor transmission in the NASA Lewis 500 hp Helicopter Transmission Test Stand The testing was part of a joint Navy NASA Army lubrication program to develop a separate lubricant for gearboxes that would improve life and load carrying capacity The goal of the experiments was to develop a testing procedure using a MIL L 23699 base reference oil to fail certain transmission components and then to run identical tests with improved lubricants and demonstrate improved performance The tests were directed at failing components that have given the Navy problems because of marginal lubrication These failures included mast shaft bearing micropitting sun gear and planet bearing fatigue and spiral bevel gear scoring More than 900 hr of total run time were accumulated for these tests Some success was achieved in developing a testing procedure to produce sun gear and planet bearing fatigue failures Only marginal success was achieved in producing mast shaft bearing micropitting and spiral bevel gear scoring
