joke work genre that is most often but not always meant to be funny In a contemporary period after the thrusts of assimilation and women s liberation movements performances usher in new versions of old scripts with ranging consequences At the core is the recuperative performance of identity through impersonation and the question of its radical or conservative potential Appropriating re appropriating and mis appropriating identity material within and beyond their midst Sexy Jewess artists play up the failed logic of representation by mocking identity categories altogether They act as comic chameleons morphing between margin and center in countless number of charged caricatures Embodying ethnic and gender positions as always already on the edge while ever more in the middle contemporary Jewish female performers extend a comic tradition in new contexts mobilizing progressive discourses from positions of newfound race and gender privilege

Film and the Holocaust Aaron Kerner, 2011-05-05 When representing the Holocaust the slightest hint of narrative embellishment strikes contemporary audiences as somehow a violation against those who suffered under the Nazis This anxiety is at least in part rooted in Theodor Adorno's dictum that To write poetry after Auschwitz is barbaric And despite the fact that he later reversed his position the conservative opposition to all artistic representations of the Holocaust remains powerful leading to the insistent demand that it be represented as it really was And yet whether it's the girl in the red dress or a German soldier belting out Bach on a piano during the purge of the ghetto in *Schindler's List* or the use of tracking shots in the documentaries *Shoah* and *Night and Fog* all genres invent or otherwise embellish the narrative to locate meaning in an event that we commonly refer to as unimaginable This wide ranging book surveys and discusses the ways in which the Holocaust has been represented in cinema covering a deep cross section of both national cinemas and genres
