Red Hand Safety Book:

Red Hands Christopher Golden, 2020-12-08 In bestselling author Christopher Golden's supernatural thriller *Red Hands* sometimes a story is a warning. Sometimes the warning comes too late. When a mysterious and devastating bioweapon causes its victims to develop Red Hands, the touch of death, weird science expert Ben Walker is called to investigate. A car plows through the crowd at a July 4th parade. The driver climbs out sick and stumbling, reaching out, and everyone he touches drops dead within seconds. Maeve Sinclair watches in horror as people she loves begin to die, and she knows she must take action. But in the aftermath of this terror, it's Maeve who possesses that killing touch. Fleeing into the mountains, struggling with her own grief and confusion, Maeve faces the dawning realization that she will never be able to touch another human being again. Weird science expert Ben Walker is surprised to get a call from Alena Boudreau, director of the newly restructured Global Science Research Coalition. There's an upheaval in the organization, and she needs to send someone she can trust to Jericho Falls. Whoever finds Maeve Sinclair first will unravel the mystery of her death touch, and many are willing to kill her for that secret. Walker's assignment is to get her off the mountain alive. But as Maeve searches for a hiding place, hunted and growing sicker by the moment, she begins to hear an insidious voice in her head, and the yearning, the need, the hunger to touch another human being continues to grow. When Walker and Maeve meet at last, they will unravel a stunning legacy of death and betrayal, and a malignant secret as old as history.

The Red Hand Venables, Toby, 2014-12-30 England 1193 Guy of Gisborne, knight and agent to Prince John, is all that stands between England and anarchy, fighting a shadow battle to protect the kingdom from those who would destroy it. Returning to England after foiling a plot to destroy Jerusalem, Guy of Gisborne is arrested and hauled to the Tower of London. John, England's regent in the absence of its monstrous King, needs his knight once more. A killer has broken into the Prince's most secure castle in the north and left a message drawn on the skin of one of his victims: *dies irae venit*. Judgement Day is coming, signed with a bloody handprint. Is the threat genuine? Who or what is the Red Hand? Someone is killing John's most loyal supporters, and the obvious culprit, the most dangerous man in the Kingdom, Hood himself, has an alibi even Guy can't deny.
