Investment Aftercare Explained Carolina Arriagada Peters,David Coble,Toby X. Li,Brendan Lewis,2021-11-29 This book is the first to systematically map the last step of the foreign investor's journey usually referred to as post investment aftercare or business retention and expansion It provides a wide range of approaches and strategies for host economies to better retain foreign investors encourage follow on expansions and achieve greater local economic embeddedness through a multi stakeholder dialogue leading to improvement of the overall business

climate Global foreign direct investments reached US 1.5 trillion in 2019 but this figure reduced by over 42% in 2020 due to the pandemic Against this backdrop retaining established investors became even more important Numerous organisations all over the world are dedicated to attracting foreign companies to invest in their markets Facilitating this effort is a dynamic and competitive industry that involves international organisations supporting capacity building think tanks academia and consultants However once foreign companies decide to invest a critical question arises how can host economies grow and retain these foreign investments Many host governments could do much better as there is very little post investment support for these foreign companies to help them grow their businesses throughout different stages of investment business and economic cycles This is where aftercare comes in In this book the authors include diverse examples from around the world to demonstrate aftercare best practices in action This book is an essential read for all public administration staff related to FDI attraction and promotion practitioners in the private sector and FDI consultants It will also be of great interest to multilateral organisations seeking to organise seminars and training courses for capacity building The book will also benefit researchers academics and postgraduate students of international relations foreign trade and internationalisation For further information see www.aftercareexplained.com

The Biology and Conservation of Wild Felids David Macdonald, Andrew Loveridge, 2010-06-03 The editors utilize their 50 years of combined

experience in professional engagement with the behaviour and ecology of wild felids to draw together a unique network of the world's most respected and knowledgeable experts. For the first time this interdisciplinary research programme is brought together within a single volume. Beginning with a complete account of all 36 felid species, there follow 8 comprehensive review chapters that span all the topics most relevant to felid conservation science, including evolution and systematics, felid form and function, genetic applications, behavioural ecology, management of species that come into conflict with people, and control of international trade in felid species. Conservation tools, techniques, ex situ management, and felid diseases. 19 detailed case studies then delve deeply into syntheses of the very best species investigations worldwide, written by all the leading figures in the field. These chapters portray the unique attributes of the wild felids, describe their fascinating and conflicting relationship with humans, and create an unparalleled platform for future research and conservation measures. A final chapter analyses the requirements of and interdisciplinary approaches to practical conservation, with cutting-edge examples of conservation science and action that go far beyond the cat family.

Computer Gaming World, 1993 Quiet Desperation, Savage Delight David Gessner, 2021-06-01

A powerful and timely book from one of the most provocative and engaging voices in contemporary environmental writing. MICHAEL P. BRANCH, author of *How to Cuss in Western*. When the pandemic struck, nature writer David Gessner turned to Henry David Thoreau, the original social distancer, for lessons on how to live. Those lessons of learning our own backyard, rewilding, loving nature, self-reliance, and civil disobedience hold a secret that could help save us as we face the greater crisis of climate. DAVID GESSNER is the author of *Leave It As It Is: A Journey Through Theodore Roosevelt's American Wilderness* and the New York Times bestselling *All the Wild That Remains*. Edward Abbey, Wallace Stegner, and the American West. Chair of the Creative Writing Department at the University of North Carolina, Wilmington, and founder and editor in chief of *Ecotone*. Gessner lives in Wilmington, North Carolina, with his wife, the novelist Nina de Gramont, and their daughter Hadley.

Paint and Programming Rohan Agarwal, 2023-07-11

The software that changes the world will be human. While most software engineers focus on learning to code in languages like Python and Java, learning tools like AWS, and keeping up with trendy tech like AI, there is an overlooked fact: code must be meaningful. It must be human. Your career must fulfill you, and your products must fulfill your users. It's hard to achieve that. This book guides you through the thousands of years of history and philosophy of crafting meaning. In other words, art. We'll talk about Da Vinci, Picasso, Van Gogh, and dozens of others. By the end, you will understand how simple paint on a canvas has resonated with the hearts and minds of millions, served Gods and Kings, and sold for hundreds of millions of dollars. It is a curious phenomenon, isn't it? We will understand art deeper than any other engineer or developer. Through art, we will discover unconventional mind-bending yet life-changing advice on writing amazing code, building valuable software, and taking advantage of the latest technology like artificial intelligence. And we will know how to be fulfilled and successful with our work in technology. Author Rohan Agarwal is a FAANG software engineer, published AI researcher, and trained artist who exhibited in the Metropolitan
