

Virtual Lab: Population Biology

Week 14 Lab Worksheet

How to get there: (http://glencoe.mcgraw-hill.com/sites/dl/free/0078757134/383928/BL_04.html) click on the link to [Virtual Lab - Population Biology](#).

Instructions: This lab has instructions on the left hand side. Enter your data in the tables below and then when done answer the questions..

Data Table				
	<i>P. aurelia</i> grown alone, cells/mL	<i>P. caudatum</i> grown alone, cells/mL	<i>P. aurelia</i> grown in mixed culture, cells/mL	<i>P. caudatum</i> grown in mixed culture, cells/mL
Day 0	2	2	2	2
Day 2	10	10	12	8
Day 4	30	54	20	32
Day 6	52	88	18	64
Day 8	58	96	12	78
Day 10	60	96	10	92
Day 12	58	96	6	96
Day 14	58	100	0	96
Day 16	60	98	0	96

Journal
1. What are the objectives for this experiment? (you can summarize)
2. Make a hypothesis about how you think the two species of <i>Paramecium</i> will grow alone and how they will grow when they are grown together. I think they both will grow more rapidly than together. Together they will overload the carrying capacity.
3. Explain how you tested your hypothesis. I ran three samples, each separate and then together, and test the growth rate every two days.
4. On what day did the <i>Paramecium caudatum</i> population reach the carrying capacity of the environment when it was grown alone? How do you know?

Population Biology Virtual Lab Answer Key

Futureface Alex Wagner, 2018-04-17

From the host of MSNBC's *Alex Wagner Tonight*, a rich and revealing memoir. The New York Times about her travels around the globe to solve the mystery of her ancestry, confronting the question at the heart of the American experience of immigration, race, and identity: Who are my people? A thoughtful, beautiful meditation on what makes us who we are and the values and ideals that bind us together as Americans. Barack Obama: The daughter of a Burmese mother and a white American father, Alex Wagner grew up thinking of herself as a futureface, an avatar of a mixed-race future when all races would merge into a brown singularity. But when one family mystery leads to another, Wagner's post-racial ideals fray as she becomes obsessed with the

specifics of her own family's racial and ethnic history Drawn into the wild world of ancestry she embarks upon a quest around the world and into her own DNA to answer the ultimate questions of who she really is and where she belongs The journey takes her from Burma to Luxembourg from ruined colonial capitals with records written on banana leaves to Mormon databases genetic labs and the rest of the twenty first century genealogy complex But soon she begins to grapple with a deeper question Does it matter Is our enduring obsession with blood and land race and identity worth all the trouble it's caused us Wagner weaves together fascinating history genetic science and sociology but is really after deeper stuff than her own ancestry in a time of conflict over who we are as a country she tries to find the story where we all belong Praise for Futureface Smart searching Meditating on our ancestors as Wagner's own story shows can suggest better ways of being ourselves Maud Newton The New York Times Book Review Sincere and instructive This timely reflection on American identity with a bonus exposé of DNA ancestry testing deserves a wide audience Library Journal The narrative is part Mary Roach style participation heavy research part family history and part exploration of existential loneliness The journey is worth taking Kirkus Reviews A ruminative exploration of ethnicity and identity Wagner's odyssey is an effective riposte to anti immigrant politics Publishers Weekly
