Overall, this soundtrack is a pretty good representation of who I am right now. It has slow songs to represent my more thoughtful side, and upbeat songs to represent my fun side. I think people would learn a lot about me by listening to this soundtrack or reading my paper. I had fun remembering all the old songs and memories. I didn't think I would like this project, but in the end, I think I learned a lot about myself. I hope that music will always be part of my life!
