

A scenic landscape featuring a winding asphalt road that curves through a valley. A low stone wall runs along the left side of the road. In the background, there are rolling hills and a rainbow arching across a blue sky with scattered clouds. The overall tone is bright and hopeful.

Past Reason Hated Peter Robinson,2008-06 *Past Reason Hated: DCI Banks 5* Peter Robinson,2018-12-27 It should have been a cosy sequence log fire sheepskin rug Vivaldi on the stereo Christmas lights and tree But appearances can be deceptive Because Caroline Hartley lying quietly on the couch has been brutally murdered **Past Reason Hated** Peter Robinson,2000-10-03 A picturesque Yorkshire village is dressed in its finest for the upcoming Noel But one of its residents will not be celebrating this holiday Chief Inspector Alan Banks knows that secrecy can sometimes prove fatal and secrets were the driving force behind Caroline Hartley s life and death She was a beautiful enigma brutally stabbed in her own home three days prior to Christmas Leaving her past behind for a forbidden love affair she mystified more than a few And now she is dead clothed only in her unshared mysteries and her blood In this season of giving and forgiving Banks is eager to absolve the innocent of their sins But that must wait until the many facets of a perplexing puzzle are exposed and the dark circle of his investigation finally closes and when a killer makes the next move *Past reason hated* Peter Robinson,Neil Pearson,2006 It should have been a cosy sequence log fire sheepskin rug Vivaldi on the stereo Christmas lights and tree But appearances can be deceptive For Caroline Hartley lying quietly on the couch has been brutally murdered **Bloomsbury Good Reading Guide** Nick Rennison,2009-11-23 Deciding what to read next when you ve just finished an unputdownable novel can be a daunting task The Bloomsbury Good Reading Guide features hundreds of authors and thousands of titles with navigation features to lead you on a rich journey through some the best literature to grace our shelves **Shakespeare in Hate** Peter Kishore Saval,2015-12-07 Hate malice rage and enmity what would Shakespeare s plays be without these demonic unruly passions This book studies how the tirades and unrestrained villainy of Shakespeare s art explode the decorum and safety of our sanitized lives and challenge the limits of our selfhood Everyone knows Shakespeare to be the exemplary poet of love but how many celebrate his clarifying expressions of hatred How many of us do not at some time feel that we have come away from his plays transformed by hate and washed clean by savage indignation Saval fills the great gap in the interpretation of Shakespeare s unsocial feelings The book asserts that emotions as Aristotle claims in the Rhetoric are connected to judgments Under such a view hatred and rage in Shakespeare cease to be a blinding of judgment or a loss of reason but become claims upon the world that can be evaluated and interpreted The literary criticism of anger and hate provides an alternative vision of the experience of Shakespeare s theater as an intensification of human experience that takes us far beyond criticism s traditional contexts of character culture and ethics The volume which is alive to the judgmental character of emotions transforms the way we see the rancorous passions and the disorderly and disobedient demands of anger and hatred Above all it reminds us why Shakespeare is the exemplary creator of that rare yet pleasurable thing a good hater **Shakespeare's Derived Imagery** John Erskine Hankins,2016-12-20 **Shakespeare and the Cultures of Performance** Paul Yachnin,Patricia Badir,2017-05-15 Theatrical performance suggest the contributors to this volume can be

an unpredictable individual experience as well as a communal institutional or cultural event The essays collected here use the tools of theatre history in their investigation into the phenomenology of the performance experience yet they are also careful to consider the social ideological and institutional contingencies that determine the production and reception of the living spectacle Thus contributors combine a formalist interest in the affective and aesthetic dimensions of language and spectacle with an investment in the material cultures that both produced and received Shakespeare s plays Six of the chapters focus on early modern cultures of performance looking specifically at such topics as the performance of rusticity the culture of credit contract and performance the cultivation of Englishness religious ritual and mourning and memory Building upon and interrelating with the preceding essays the last three chapters deal with Shakespeare and performance culture in modernity They focus on themes including literary and theatrical performance anxiety cultural iconicity and the performance of Shakespearean lateness This collection strives to bring better understanding to Shakespeare s imaginative investment in the relationship between theatrical production and the emotional intellectual and cultural effects of performance broadly defined in social terms

Shakespeare's Sonnets and Narrative Poems A. D. Cousins,2014-07-21 Alongside Spenser Sidney and the early Donne Shakespeare is the major poet of the 16th century largely because of the status of his remarkable sequence of sonnets Professor Cousins new book is the first comprehensive study of the Sonnets and narrative poems for over a decade He focuses in particular on their exploration of self knowledge sexuality and death as well as on their ambiguous figuring of gender Throughout he provides a comparative context looking at the work of Shakespeare s contemporaries The relation between Shakespeare s non dramatic verse and his plays is also explored

Renaissance Personhood Kevin Curran,2019-11-01 Explores the history and theory of personhood in the Renaissance periodOffers the first sustained study of the history and theory of personhood in the Renaissance periodProvides a study of personhood from a materialist perspectiveModels new way of entering posthumanist critique animal studies ecocriticism and food studies into conversation with legal theory cultural history and literary studiesUnfolding as a series of materially oriented studies ranging from chairs machines and doors to trees animals and food this book retells the story of Renaissance personhood as one of material relations and embodied experience rather than of emergent notions of individuality and freedom The book assembles an international team of leading scholars to formulate a new account of personhood in the sixteenth and seventeenth centuries one that starts with the objects environments and physical processes that made personhood legible
