## **Pauls Two Age Construction And Apologetics:**

*Paul's Two-Age Construction and Apologetics* William Dennison, 2000-06-14      [Paul's Two-age Construction](#) William D. Dennison, 1980      **In Defense of the Eschaton** William Dennison, 2015-10-22 In *Defense of the Eschaton* is an anthology of William D. Dennison's essays on the Reformed apologetics of Cornelius Van Til. Written over the course of Dennison's many years of study, the chapters in this volume investigate Van Til's theory of knowledge, revelation, common grace, antithesis, Christian education, and the history of ideas, as well as examine key Scriptures to identify the redemptive historical structure of a biblical apologetic method. In the end, Dennison finds that Reformed apologetics must take eschatology seriously. According to the New Testament, the believer has been transferred by faith in Christ into the final stage of history. As a citizen of heaven, the Christian apologist must defend the eschaton of the age to come against the satanic attacks of this present world.

**Who Is "the God of This Age"?** Ivor Poobalan, 2024-06-14 How we interpret the god of this age in 2 Corinthians 4:4 has significant implications for Bible translations, our doctrines of God and Satan, and missiology. Is this about God or Satan? Dr. Ivor Poobalan illuminates this unique Pauline phrase through his comprehensive examination of the history of interpretation and careful exegesis rooted in the historical and literary contexts. Entering into centuries of debate, this work challenges the two major pillars for the Satan argument: Apocalypticism and ancient Jewish views of Satan, to highlight the inconsistencies that make these foundations untenable. This insightful work brings a fresh voice that returns readers to an interpretation that the god of this age is the sovereign God responding to Jewish unbelief. For biblical scholars, translators, theologians, and pastors, *Who Is the God of This Age* makes accessible previously difficult sources and opens up the implications of this interpretation.

*The Trinity and the Vindication of Christian Paradox* BA Bosserman, 2015-02-26 *The Trinity and the Vindication of Christian Paradox* grapples with the question of how one may hold together the ideals of systematic theology, apologetic proof, and theological paradox by building on the insights of Cornelius Van Til. Van Til developed an apologetic where one presupposes that the Triune God exists and then proves this Christian presupposition by demonstrating that philosophies that deny it are self-defeating in the specific sense that they rely on principles that only the Trinity, as the ultimate harmony of unity and diversity, can furnish. A question raised by Van Til's trademark procedure is how he can evade the charge that the apparent contradictions of the Christian faith render it equally self-defeating as non-Christian alternatives. This text argues that for Van Til, Christian paradoxes can be differentiated from genuine contradictions by the way that their apparently opposing elements discernibly require one another, even as they present our minds with an irresolvable conflict. And yet, Van Til failed to sufficiently vindicate the central Christian paradox, the doctrine of the Trinity, along the lines required by his system. Hence, the present text offers a unique proof that God can only exist as the pinnacle of unity in diversity and as the ground of a coherent Christian system if He exists as three and only three divine persons.      *Lo, I Tell You a Mystery* David A. Ackerman, 2006-02-01 The divine mystery as interpreted by Paul offers transformation. The

believer who identifies with the death and resurrection of Christ by putting to death the old way of life Rom 6 5 11 Gal 2 20 enters into a new sphere of influence characterized by intimate fellowship with Christ One who is in this sphere is free from the snare of Adam and the world and is no longer bound by the power of sin and death The divine mystery also offers a new source of power by the indwelling Holy Spirit The Spirit brings gifts to those in Christ that enable them to function as community The highest and most significant of these is love which brings diversity together into unity The indicative is that the Spirit graces believers with love The imperative is that they should follow after the example of Paul and hence Christ in loving others The divine Spirit is described as holy and makes holiness possible for those in Christ The indicative is that fellowship with Christ is possible because of redemption The imperative is that Christ demands loyalty which cannot be shared with any other particularly with prostitutes who represent the ways of the world or idols that open doors for demons from the Conclusion

Kees Van Til als Nederlandse-Amerikaanse, Neo-Calvinistisch-Presbyteriaan apologeticus Laurence O'Donnell,2011-04-01 The purpose of this essay submitted to the faculty of Calvin Theological Seminary in candidacy for the degree of Master of Theology May 2011 is to demonstrate that Cornelius Van Til s 1895 1987 presupposition of Reformed dogmatics is largely a presupposition of Herman Bavinck s 1854 1921 Gereformeerde Dogmatiek The argument proceeds in three steps First by situating Van Til s life and work in the neo Calvinist intellectual milieu within which he operated throughout his career the prevailing Copernican interpretation of Van Til s thought is challenged on the grounds of historical abstraction Second his formal material and polemical appropriations of Bavinck s Dogmatiek are analyzed in order to show not only that Van Til appropriates Bavinck s thought pervasively but also that his apologetics cannot be properly understood apart from Bavinck s dogmatics Third Van Til s criticisms of the alleged scholasticism in Bavinck s thought are analyzed in terms of their originality and their validity Regarding the former it is argued that Van Til tacitly appropriates Herman Dooyeweerd s 1894 1977 earlier criticisms of neo Calvinist scholasticism Regarding the latter it is argued that Van Til s criticisms are methodologically unsound and historically untenable insofar as they proceed upon subjective premises and lead to a subjective conclusion In sum given both his pervasive appropriation of Bavinck s Dogmatiek and his entrenchment in neo Calvinist theology and philosophy Van Til is more accurately interpreted as a neo Calvinist rather than a Copernican revolutionary

**The Trauma of Doctrine** Paul Maxwell,2021-01-12 The Trauma of Doctrine is a theological investigation into the effects of abuse trauma upon the experience of Christian faith the psychological mechanics of these effects their resonances with Christian Scripture and neglected research informed strategies for cultivating post traumatic resilience Paul Maxwell examines the effect that the Calvinist belief can have upon the traumatized Christian who negatively internalizes its superlative doctrines of divine control and human moral corruption and charts a way toward meaningful spiritual recovery

**What Is Truth?** James Emery White,2006-09-01 SEARCHING FOR ABSOLUTES IN A POSTMODERN WORLD In this postmodern age truth especially religious or moral truth is widely criticized and constantly challenged yet perhaps more

important than ever It was this realization that led James Emery White to examine the concepts of truth as held by five twentieth century theologians Cornelius Van Til Millard J Erickson Francis A Schaeffer Donald G Bloesch Carl F H Henry

The Young Bultmann William D. Dennison,2008 During his early life 1884 1925 Rudolf Bultmann passionately attempted to unite scholar and laity through his understanding of God which developed in the context of his home and its love for the common people of the church the legacy of Schleiermacher Marburg Lutheran neo Kantianism the eschatological perspective of the History of Religion School dialectical theology and Heidegger s philosophy of existence Bultmann always insisted that God reflected the inner forces of life within each human being Over the years however Bultmann came to hold that Lutheran neo Kantianism provided the basic structure by which to analyze critique and strengthen his understanding of God In light of this neo Kantian structure Bultmann insisted that God could not be the formulation of any scientific ethical or artistic construction In other words God could not be the object or manifestation of human reason in any form since God transcended human reason Hence in 1925 through the assistance of the dialectical theologians and Heidegger Bultmann presented his purest formulation of a neo Kantian understanding of God God as the spontaneous moment of encountering the dialectical forces within our existential being **Faith Has Its Reasons** Kenneth Boa,Robert M. Bowman Jr.,2012-01-05 A most

accessible but thoroughly practical primer on apologetics The Drama of Preaching Eric B. Watkins,2017-02-16 Preaching is dramatic Through it we hear the voice of the living God as he speaks to us both through the reading and the preaching of the word of God But where do the hearers of sermons fit into the drama This book suggests ways in which the drama metaphor may help to address age old questions about the centrality of the gospel and the place of the hearer in preaching As God in Christ is the central character in the biblical drama of redemption he also calls hearers to understand their role in creatively yet faithfully living according to the biblical script Thus no sermon is complete until God s redemptive work is powerfully proclaimed and his people are instructed in how they too are participating in the Missio Dei In this work Hebrews 11 is employed as a means of showing how God not only reveals his redemptive work to his people but also through them As postmodernism sets the stage of contemporary preaching The Drama of Preaching interacts with some of the particular challenges preachers face in engaging postmodern listeners that they might not only be hearers but doers of the preached word

*THE PROBLEM OF EVIL* Cornelius Van Til,2024-12-17 Why does evil exist How do we explain the existence of evil The issue of addressing the presence of evil has puzzled the human mind for centuries it has been a dominant issue in philosophical and theological literature and discussions Cornelius Van Til 1895 1987 perhaps the most formative apologist for historic Christian orthodoxy in the twentieth century wrote a compelling award winning essay in 1923 as a student at Princeton Theological Seminary on the subject entitled Evil and Theodicy Van Til s intriguing discussion traces the history of Western thought s inadequacy to deal with the issue and concludes that God is his own theodicy in view of his own sovereign authority Based on the historical revelation of God in the Holy Scriptures Van Til s position challenges Christians as well as

those outside Christianity as to why evil exists William D Dennison s introductory essay places Van Til s thesis in the context of more recent discussions     A Christian Approach to Interdisciplinary Studies William Dennison,2007-05-01 In an academic world that has rejected a Christian ontology metaphysic and epistemology as well as the secular foundationalism of modernity one is hard pressed to find any secular academician in the field of interdisciplinary studies IDS advocating a definitive starting point and methodology for IDS In A Christian Approach to Interdisciplinary Studies William D Dennison asks is such a study truly integrative that does not have an ontological integrative starting point and the constitutive component of method To put the question another way without the God of the Bible as the author of integration within creation can there truly be IDS Indeed Dennison calls for the integration of approach and method integration provided and modeled by the triune God of Scripture Adapted from the Preface     *Tracking the Maze* Clark H.
