

## INTRODUCTION OF GUEST SPEAKER

This day will be noted us to be one of those rare and wonderful moments because of our invited guest. Her name echoes the essence of service, dedication and compassion.

Her achievements even when she was still students are truly commendable as they mirror her great sense of commitment, hard work and passion. Her non-compliance to mediocrity made an indelible mark in the history of our university when she graduated as the First "Summa Cum Laude" in year 1972.

Bold-spirited, she hurdled countless challenges in her professional career. Hence, in year 1983, she earned her degree of Doctor of Education from the University of the Philippines, Dilliman Campus with her dissertation entitled "Dimensions of Academic Freedom among Social Science Faculty of Higher Education Institutions in Metro Manila."

Her portfolio of Professional Development and Training is fascinating as each experience gives life to her being a woman for others and a woman of God. To name a few, she had a training in Moral Development and Education in the University of Minnesota, Minneapolis, USA. She is also a part of the group study Exchange Program to North New Jersey, USA. In 2006, our speaker had a training in fund-raising and communication at the University of Tunku Abdul Rahman, Petaling Jaya, Malaysia.

She is a precious gem of the University. She has held various positions from being a director, dean, vice-president and eventually President of this institution.

Being a mother of three equally gifted children is a glory she always keep. Undoubtedly, she is a loving wife and a praise-worthy homemaker.

A woman I personally admire because of her wisdom, generous heart, caring spirit and unconquerable principle.

Please join me in welcoming Dr. Grace C. Jimeno-Rebollos.

Do Running Mates Matter? Christopher J. Devine, Kyle C.

Kopko, 2020-05-15 The American vice presidency as the saying goes is not worth a bucket of warm spit Yet vice presidential candidates many people believe can make all the difference in winning or losing a presidential election Is that true though Did Sarah Palin for example sink John McCain's campaign in 2008 Did Joe Biden help Barack Obama win Do running mates actually matter In the first book to put this question to a rigorous test Christopher J Devine and Kyle C Kopko draw upon an unprecedented range of empirical data to reveal how and how much running mates influence voting in presidential elections Building on their previous work in *The VP Advantage* and evidence from over 200 statistical models spanning the 1952 to 2016 presidential elections the authors analyze three pathways by which running mates might influence vote choice First of course they test for direct effects or whether evaluations of the running mate influence vote choice among voters in general Next they test for targeted effects if that is running mates win votes among key subsets of voters who share their gender

religion ideology or geographic identity Finally the authors examine indirect effects that is whether running mates shape perceptions of the presidential candidate who selected them which in turn influence vote choice Here in this last category is where we see running mates most clearly influencing presidential voting especially when it comes to their qualifications for holding office and taking over as president if necessary Picking a running mate from a key voting bloc probably won't make a difference the authors conclude But picking an experienced well qualified running mate will make the presidential candidate look better to voters and win some votes With its wealth of data and expert analysis this finely crafted study the most comprehensive to date finally provides clear answers to one of the most enduring questions in presidential politics can the running mate make a difference in this election Words That Changed History Dino J.
