Practice 9 2 Reflections:

Preparing Teachers for Young and Adolescent Multilingual Learners Huili Hong, Patricia Rice Doran, 2022-04-07

Multilingual learners MLs students spend most of their school time with their teachers who often feel professionally unprepared to meet their linguistically diverse students needs As such preparing teachers for increasing numbers of multilingual learners MLs has become a critical factor in promoting equity and success for all students in our global society This book explores and highlights the reflective narratives of teacher educators in service and preservice teachers It shows how these narratives are grounded in their personal lives professional training and daily teaching and how they can unfold the complexities in their various experiences and the rich implications for MLs teaching and teacher preparation The book presents papers that utilize teachers reflective narratives to prepare and train teachers who are or will be working with MLs It discusses the challenges and implications of teaching groups of MLs made up of diverse learners including immigrants refugees and learners with disabilities This book seeks to change the narrative of some of our most vulnerable student populations by giving voice to the experiences challenges success and best practices encountered in the international education landscape The power contained within each chapter is the systematic and intentional reflections that bring the marginalized stories to the center of the discussion Anyone seeking an understanding of how reflective narrative can build equity and social justice for multilingual learners will appreciate the breadth of experience described This understanding is critical for culturally and linguistically diverse teaching and learning Jordan Gonz lez Ph D St John s University NY

Reflection and the College Teacher Rachel Wlodarsky, Howard Walters, 2013-12-01 Higher education is facing many challenges not least of which is retaining excellent faculty and cultivating their continued professional growth This book explicitly ties the literature to the practical concerns and recommendations related to applying the reflective process in a college setting In this way the theories and empirical findings of the most recent literatures are linked to practical recommendations The reflective tools described in this book provide an important resource for facultys reflective practice Unlike other books on the topic the model developed and presented in this book allows for the reflective process to validate faculty s previous actions or accomplishments and maintain these practices In other words the endpoint of reflective process supports self satisfaction Instead of a deficit model the focus is development In this comprehensive volume readers discover the seminal and the recent research in reflective practice drawn from a wide range of sources including the authors recent research findings on college teachers reflection Altogether Wlodarsky and Walters systematically address these critical questions a What is reflection b Of what practical use or benefit does reflection serve c How do college teachers model reflection in the workplace d What are the steps in the reflective process e How can the reflective process be harnessed for program improvement in the college setting and in individual faculty practices Wlodarsky and Walters understand and address the real needs of college teachers today They created not only a thorough academic book but also a compelling

relevant read Specifically they designed the chapters to include scenarios developed from interview transcripts with college teachers These stories powerfully contextualize the types of problems and tensions which surround the professional work environment of a college campus and the roles of the college teacher
