Praxis 0114 Study Guide:

Qualitative Text Analysis Udo Kuckartz, 2014-01-23 How can you analyse narratives interviews field notes or focus group data Qualitative text analysis is ideal for these types of data and this textbook provides a hands on introduction to the method and its theoretical underpinnings It offers step by step instructions for implementing the three principal types of qualitative text analysis thematic evaluative and type building Special attention is paid to how to present your results and use qualitative data analysis software packages which are highly recommended for use in combination with qualitative text analysis since they allow for fast reliable and more accurate analysis The book shows in detail how to use software from transcribing the verbal data to presenting and visualizing the results The book is intended for Master s and Doctoral students across the social sciences and for all researchers concerned with the systematic analysis of texts of any kind **The Problem-Centred**

Interview Andreas Witzel, Herwig Reiter, 2012-06-22 This book provides the first English language account of the interview method known as the PCI Offering a way of collecting knowledge by means of involving people actively in the research process the interviewer takes the role of a well informed traveller With careful preparation and planning the interviewer sets out with priorities and expectations but the story the interviewer tells about his journey depends on the people encountered along the road Novice and experienced interview researchers across the social educational and health sciences will find this an invaluable guide to conducting interviews Andreas Witzel is senior researcher retired at the University of Bremen and former director of the Bremen Archive for Life Course Research Herwig Reiter is senior researcher in the Department of Social Monitoring and Methodology of the German Youth Institute in Munich **Understanding the Boundary between Disability Studies and Special Education through Consilience, Self-Study, and Radical Love** David I.

Hernández-Saca, Holly Pearson, Catherine Kramarczuk Voulgarides, 2022-12-13 In Understanding the Boundary between Disability Studies and Special Education through Consilience Self Study and Radical Love the authors explore what it means to engage in boundary work at the intersection of traditional special education systems and critical disability studies in education The book consists of fifteen groundbreaking accounts that challenge dominant medicalized discourses about what it means to exist within and around special education systems that create space for new conceptions of what it means to teach lead learn and exist within a conciliatory space driven by radical love and disability justice principles The book pushes readers to consider how their own personal professional and programmatic future transformational actions can be driven by disruption and the desire for freedom from the hegemony of traditional special education and White and Ability supremacy

Researching Practices Across and Within Diverse Educational Sites Susan Whatman, Jane Wilkinson, Mervi Kaukko, Gørill Warvik Vedeler, Levon Ellen Blue, Kristin Elaine Reimer, 2023-11-06 The authors explore the role of educational research in uncertain risky times Theoretical arguments and empirical examples of the in situ development of research practices in Australia Canada Finland and Norway are provided arising from reflection upon and dialogue about researching

practices with particular groups **Introducing Research Methodology** Uwe Flick,2015-03-16 Lecturers instructors request a free digital inspection copy here In the Second Edition of this textbook designed for new researchers Uwe Flick takes readers through the process of producing a research project The book gives readers the fundamental data collection and analysis skills that they need for their first project as well as a good understanding of the research process as a whole It covers both quantitative and qualitative methods and contains plenty of real life examples from the author s own research The book will help readers to answer questions such as why do social research in the first place how do I develop a researchable question what is a literature review and how do I conduct one how could I collect and analyze data what if I want to do my research online Available with Perusall an eBook that makes it easier to prepare for class Perusall is an award winning eBook platform featuring social annotation tools that allow students and instructors to collaboratively mark up and discuss their SAGE textbook Backed by research and supported by technological innovations developed at Harvard University this process of learning through collaborative annotation keeps your students engaged and makes teaching easier and more effective Learn more **Guide to Reprints** ,2008 **Materialities, Textures and Pedagogies** Tara Fenwick,Paolo Landri,2015-09-07 This book joins a developing tradition of practice based conceptions of learning but with a special interest in foregrounding the materiality of educational processes It challenges educational views that are preoccupied with developing a particular kind of human subject and argues that relations among materials including texts and technologies embodiment tools and natural forces are key to understanding how learning and knowing emerge in collective activity To critically examine materiality the chapter authors draw from orientations associated with actor network theory but push forward these conceptions to create an important in between place of inquiry in sociomaterial STS studies and education Most express concerns about visions of education that emphasise output driven learning performativity standardisation and representationalist forms of knowledge They use sociomaterial approaches to make visible the everyday particular micro dynamics of education and learning Their analyses reveal that power relations and the politics that infuse pedagogy are by no means confined to human interests and ideologies but are created and sustained through materialising processes that are enmeshed with the social and semiotic Ultimately these sociomaterial analyses open new directions and vocabularies for reconceptualising what is taken to be pedagogy where and how pedagogical processes occur and what effects they have on culture and society This book was originally published as a special issue of Pedagogy Culture Society

Subject Guide to Books in Print ,1996 *Doing Interview Research* Uwe Flick,2021-10-13 If you want to use interview methods in your research project but are not sure where to start this book will get you up and running With hands on advice for every stage of the social research process it helps you succeed in every step from understanding interview research through to designing and conducting your study and working with data The book Discusses eight methods of interviewing in depth including semi structured interviews narrative interviews focus groups and online interviews Features
