Principal's Report

Outstanding Survey Results put Thornbury in the Top 5% of the Government Schools for Student Motivation, Learning Confidence Connectedness to School

The "Student Attitude to School" survey results have recently been released to all schools by the Education Department. This survey, completed in early term 2, provided students with an opportunity to comment on wellbeing, teaching and learning and student

relationships. The students have overwhelmingly given the school a ringing endorsement of the quality of education at Thornbury High School.

These outstanding results reflect the significant time staff and coordinators put into student attendance, retention, engagement and wellbeing. Students at this school have a very positive perception of their ability. They also feel cheerful, relaxed, happy and energized at Thornbury High School.

The challenge for the school community is to maintain these results over the coming years as well as to manage the significant growth in student numbers and the building of new facilities.

For a copy of the complete survey, go to our website and follow the links to 'about the school' then 'reports, plans and survey'.
