Rise Like Lions Language And The False God Of Civilization:

Rise Like Lions Nathan Martinez, 2015-01-09 Civilization can be conceived of as a linguistic virus whose sole goal is to mindlessly spread throughout an entire population. It has done nothing for us but come close to ensuring the ultimate annihilation of the human species. It has not solved a single problem without creating more problems: the endless exponential and unchecked growth of human population, depletion of resources, and chronic depression, stress, and anxiety. Its technological and moral advancements only give us the illusion of security and peace while threatening to wipe out or enslave not only humanity but most life on the planet. This satirical book mounts a scathing caustic attack on all systems of belief founded on irrational assumptions and seeks to build a logical coherent philosophy based on logic and the comparative behavior of apex social mammals.

Ibn Khaldun Allen James Fromherz, 2011-09-30 A biography of Ibn Khaldun 1332-1406 famous historian, scholar, theologian, and statesman.

False Dawn Lee Penn, 2004 The interfaith movement which began with the 1893 World's Parliament of Religions in Chicago has grown worldwide. Although this movement has been largely unknown to the public, it now provides a spiritual face for globalization, the economic and political forces leading us all from nationalism to One World. The most ambitious organization in today's interfaith movement is the United Religions Initiative (URI) founded by William Swing, the Episcopal Bishop of California. Investigative reporter Lee Penn, a Catholic ex-Marxist, exhaustively documents the history and beliefs of the URI and its New Age and globalist allies, the vested interests that support these movements, and the direction they appear to be taking. The interfaith movement is no longer merely the province of a coterie of little-heeded religious idealists with grandiose visions. The URI's proponents have ranged from billionaire George Soros to President George W. Bush, from the far right Rev. Sun Myung Moon to the liberal Catholic theologian Hans Küng, and from the Dalai Lama to the leaders of government-approved Protestant churches in the People's Republic of China. The interfaith movement, including the URI, is being promoted by globalist and New Age reformers who favor erosion of national sovereignty, marginalization of traditional religions, establishment of global governance, and creation of a new Earth-based global

spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion org *The Posen Library of Jewish Culture and Civilization* Deborah Dash Moore,Nurith Gertz,2012-11-20 Presents an encyclopedia of Jewish culture from 1973 to 2005 including secular and religious examples from the visual arts literature and popular culture Tarzan Books 1 through 5 Edgar Rice Burroughs,2013-01-07 This edition contains the first five books from the Tarzan series by Edgar Rice Burroughs Tarzan of the Apes The Return of Tarzan The Beasts of Tarzan The Son of Tarzan Tarzan and the Jewels of Opar and a bonus of Jungle Tales of Tarzan Jungle Tales of Tarzan is the 6th book in the series **The Wars of the Lord** Matthew J. Tuininga,2025-03-13 The epic tragic story of the Puritan conquest of New England through the eyes of those who lived it Over several decades beginning in 1620 tens of thousands of devout English colonists known as Puritans came to America They believed that bringing Christianity to the natives would liberate them from darkness Daniel Gookin Massachusetts s missionary superintendent called such efforts a war of the Lord a war in which Christ would deliver captive souls from Satan s bondage When Puritan soldiers slaughtered hundreds of indigenous men women and children at Fort Mystic in 1637 during the Pequot War they believed they were doing God s will The same was true during King Philip s War perhaps the bloodiest war in American history The Puritan clergyman Increase Mather described this conflict too as a war of the Lord a war in which God was judging the enemies of his people Matthew J Tuininga argues that these two wars are inextricably linked Puritan Christianity he shows shaped both the spiritual and military

conquests of New England from beginning to end It is not only that the people who did these things happened to be Christians it is that Christianity was the framework they used to guide interpret and defend every major act of peace or war They made sincere efforts to treat Natives according to Christian principles of love and justice as they understood them and their sustained missionary efforts demonstrate how serious they were about saving native souls Yet they appealed to Christianity just as confidently when they subjugated enslaved or killed native peoples in the name of justice A mission they saw as spiritual peaceful benevolent and just devolved into a military conquest that was virtually genocidal This book tells the story of how this happened from the perspective of those who lived it both colonists and Native Americans *An Officer's Love Story* David T.
