The Constitutional Convention COMPLETE UNIT GUIDE PACKET

Overview

The Constitutional Convention took place from 1787 to 1791 in Philadelphia. Although the Convention was intended to revise the Articles of Confederation, it ended with a decision to draft a new Constitution. The Convention was the first time that representatives from all the states gathered in one place to discuss the future of the United States.

The Constitution is the supreme law of the United States. It is a document that outlines the structure and powers of the federal government, as well as the rights of the citizens. The Constitution is a living document that has been amended several times since it was first drafted.

The Constitution is a document that has shaped the United States for over 200 years. It is a document that has been the source of many debates and discussions, but it remains the foundation of our nation's government.
