Section 2 Guided Reading And Review Israel:

The Book of Kings and Exilic Identity Nathan Lovell, 2021-02-11 Nathan Lovell proposes that 1 and 2 Kings might be read as a work of written history produced with the explicit purpose of shaping the communal identity of its first readers in the Babylonian exile. By drawing on sociological approaches to the role historiography plays in the construction of political identity, Lovell argues the book of Kings is intended to reconstruct a sense of Israelite identity in the context of these losses and that the book of Kings moves beyond providing a reason for the exile in Israel's history and beyond even connecting its exilic audience to that history. The book recalls the past in order to demonstrate what it means to be Israel in the exilic present and to encourage hope for the Israelite nation in the future. After developing a reading strategy for 1 & 2 Kings that treats the book as a coherent narrative, Lovell examines the construction of Israelite identity within Kings under the headings of covenant, nationhood, land, and rule. In each case, he suggests that the narrative of the book creates room for a genuine but temporary expression of Israelite identity in exile, genuine to show that it remains possible for Israel to be Yahweh's people during the exile but temporary to encourage hope for a future restoration. *Cornell University Description of Courses* Cornell University, 1976

World's Story 1: The Ancients (Teacher Guide) Angela O'Dell, 2018-03-23 Ancient history is fascinating, but it can be difficult to find material that teaches it from a Christian perspective. Even harder is finding a history curriculum that captivates students. But Angela O'Dell's newly revised *The World's Story 1: The Ancients* does both. Students will learn all about the ancient civilizations of the Middle East, Europe, Africa, Asia, and the Americas from a strong Biblical perspective. Focuses on History and interweaves a Christian perspective throughout. Features an engaging historical narrative. First volume in a three-book world history series for upper elementary and junior high students. The text covers Biblical history, also educating students about civilizations mentioned in the Bible, including ancient Egypt, ancient Israel, ancient Babylon, ancient Persia, ancient Greece, and ancient Rome, up to the development of the early Church. It also discusses other ancient civilizations from around the world.

persecution developed into a saga of overall achievement and stability With that fundamental message this book forges a thematic survey of Jewish history in early modern Poland These essays written by Rosman over the course of a distinguished career have all been updated and enhanced with new detail and nuanced arguments taking account not only of new archival material and research but also of the ongoing evolution of the author's own knowledge and perspectives Some appear here in English for the first time The volume's structure highlights key topics for understanding the Polish Jewish past relations between Jews and other Poles Jewish communal life Polish Jewish women and hasidism One section analyses how this past has been presented in both scholarly and popular modes The essays are crafted to place them in dialogue with each other Analytical introductions weigh their significance in the light of modern and postmodern Jewish and Polish historiography An extensive general introduction sets the context of the history portrayed here while a thoughtful conclusion elucidates the larger motifs that emerge

for All Mika S. Pajunen, 2013-12-11 Mika S. Pajunen contributes both to the understanding of manuscript 4Q381 from the Dead Sea Scrolls and to broader issues related to the reconstruction of damaged scrolls and to the reading of psalms in late Second Temple Judaism The author focuses especially on the collection of apocryphal psalms in 4Q381 and other similar psalm collections but it is also of interest to the ongoing search for the functions of psalmody in this period A material reconstruction of manuscript 4Q381 has been made to determine the original placement of all the substantial fragments within the scroll The reconstruction shows there to be eight psalms in the preserved scroll A thorough analysis of all of them is incorporated in this study including a critical Hebrew text and the first English translation of the psalms a basic outline of the psalms content with comments on their details and a presentation of their overall message All the psalms in 4Q381 discuss specific periods of time The first three psalms cover a period from the Creation to the expected future of a group identified as God's chosen ones These are followed by five pseudepigraphic psalms that are named in this study as Praise of the Man of God David Praise of Hezekiah Penitential Prayer of Manasseh Lament of Josiah and Penitential Prayer of Jehoiachin The psalms in 4Q381 make up a consistent whole that is shown to function as a unified lesson on the justice of God toward his elect In this investigation 4Q381 is placed into its proper place inside some of the larger developments and ideologies perceivable within late Second Temple Judaism For instance 4Q381 is part of the general trends discernible in psalmody of this period namely a general increase in reflection upon the past and the use of wisdom motifs But in addition

4Q381 also gives evidence of a perception of psalms as sources of history that is in the end found to be a much broader phenomenon **Resources in Education** ,2000 Book Review Digest ,1915
