

Check the Fishing Conditions and Trip Planner!

The Department's Fishing Conditions and Trip Planner was created using data from your favorite fishing reports to develop graphs depicting fishing conditions for several species and waterbodies throughout the year. Each graph represents the average fishing conditions for each week of the year over the four year period.

The Department has also developed an interactive Fishing Waters Map with a wealth of information on fishing locations in New Mexico. It displays hundreds of fishing access points with information on fish species available, facilities, accessibility, boat ramps and general regulations.
