Translation and the Borders of Contemporary Japanese Literature Victoria Young, 2024-06-03 This book examines contemporary debates on such concepts as national literature world literature and the relationship each of these to translation from the perspective of modern Japanese fiction By reading between the gaps and revealing tensions and blind spots in the image that Japanese literature presents to the world the author brings together a series of essays and works of fiction that are normally kept separate in distinct subgenres such as Okinawan literature zainichi literature written by ethnic Koreans and other trans border works The act of translation is reimagined in figurative expanded and even disruptive ways with a focus on marginal spaces and trans border movements The result decentres the common image of Japanese literature while creating connections to wider questions of multilingualism decolonisation historical revisionism and trauma that are so central to contemporary literary studies This book will be of interest to all those who study modern Japan and Japanese literature as well as those working in the wider field of translation studies as it subjects the concept of world literature to searching analysis

Women's Voices in Manga Hiromi Tsuchiya Dollase, Masami Toku, 2025-02-18 *Women's Voices in Manga* investigates how manga reflect women's gender issues and social problems within the context of Japanese history, culture, and society. Manga illuminate how women have been treated stereotypically and confined to their gender roles. Fictional characters surrogates for both creators and readers have continuously challenged and subverted fixed cultural images, notions, and expressions of women. The first section of the book features research articles on the depiction of women in manga. Contributions of chapters come from scholars in diverse fields including manga studies, history, art, education, literary studies, and gender studies. The second section presents the life stories of prominent women artists: Watanabe Masako (b. 1929), Mizuno Hideko (b. 1939), and Satonaka Machiko (b. 1948), capturing their voices and social messages through interviews. Finally, the third section introduces a translated manga, *A Young Woman Emperor in Waiting*, created by Satonaka Machiko, which features one of the six Japanese female Emperors in history, Kōken Tennō, later Shōtoku Tennō of the 8th century. *Women's Voices in Manga* showcases women's issues, portrayals, and lives. The book underscores manga's cultural function to disseminate expressions of women's issues across society, inviting readers to relate these issues to their own lives. **Historical**

Dictionary of Modern Japanese Literature and Theater J. Scott Miller, 2021-06-05 With the Meiji Restoration in 1868, Japan opened its doors to the West and underwent remarkable changes as it sought to become a modern nation. Accompanying the political changes that Western trade ushered in were widespread social and cultural changes. Newspapers, novels, poems, and plays from the Western world were soon adapted and translated into Japanese. The combination of the rich storytelling tradition of Japan with the realism and modernism of the West produced some of the greatest literature of the modern age. *Historical Dictionary of Modern Japanese Literature and Theater*, Second Edition, contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 500 cross-referenced entries, authors, literary and historical developments, trends, genres, and concepts that played a central role in the evolution of modern Japanese literature. **Mapping Tokyo in Fiction and Film** Barbara E. Thornbury, 2020-01-30 *Mapping Tokyo in Fiction and Film* explores ways that late 20th and early 21st century fiction and film from Japan literally and figuratively map Tokyo. The four dozen novels, stories, and films discussed here describe, define, and reflect on Tokyo urban space. They are part of the flow of Japanese language texts being translated or, in the case of film, subtitled into English. Circulation in professionally translated and subtitled English language versions helps ensure accessibility to the primarily anglophone readers of this study and helps validate inclusion in lists of world literature and film. Tokyo's well-established culture of mapping signifies much more than a profound attachment to place or an affinity for maps as artifacts. It is importantly a counter-response to feelings of insecurity and disconnection insofar as the mapping process helps impart a sense of predictability, stability, and placeness in the real and imagined city. **Patterns of Time** Donald Kirihaara, 1992 Donald Kirihaara examines in
