New Plains Review Fall 2014:

New Plains Review Various Authors, 2014-04-30 This Spring publication of the New Plains Review has been a combined effort of diverse talents by each of our hardworking student editors. This issue integrates authors with various perspectives and voices from our culture today. We have chosen distinctive entries for our Poetry, Nonfiction, and Fiction sections which highlight topics such as the natural state of life, the emotion of rebellion, and the controversial subject of infidelity. A wonderful aspect of writing is the way in which it allows anyone to voice their unique experiences, no matter how difficult, comedic, heartwarming, or abstract they might be. A perfect example of this colorful abstraction is our selected artwork by Dr. Ernest Williamson III. We keep our writers and audience in mind as we select our stories and edit them. We hope to embolden our readers to write and create, whether it be a short poem about a moment in their lives, a tale with compelling images and creations that don't exist, or creating art that can change our perspective. As dedicated editors with a love for publishing art and the written word, we are confident both in our hard work and the authors' multifarious works we have selected are aptly displayed herein. We present the Spring 2014 issue of New Plains Review. Christina Morel and Kaylee Kain, Co-Editors in Chief.

New Plains Review Various, Various Authors, 2014-11-30 The stories and poems selected encompass issues and emotions such as loss, the complexity of human relationships, acceptance, rebirth, and the beauty of nature. Our chosen artwork is diverse and displays multiple talents in various mediums. The personal creative works contained within these pages, whether fictional, poetic, visually artistic, or true to life, are powerful reflections of our current culture which we have preserved in their most elegant form. We are pleased to present to you our Fall 2014 issue of New Plains Review. **Welcome to Fairyland**

Julio Capó Jr., 2017-10-03 Poised on the edge of the United States and at the center of a wider Caribbean world today, Miami is marketed as an international tourist hub that embraces gender and sexual difference. As Julio Capó Jr. shows in this fascinating history, Miami's transnational connections reveal that the city has been a queer borderland for over a century. In chronicling Miami's queer past from its 1896 founding through 1940, Capó shows the multifaceted ways gender and sexual renegades made the city their own. Drawing from a multilingual archive, Capó unearths the forgotten history of fairyland, a marketing term crafted by boosters that held multiple meanings for different groups of people. In viewing Miami as a contested colonial space, he turns our attention to migrants and immigrants, tourism and trade to and from the Caribbean, particularly the Bahamas, Cuba, and Haiti, to expand the geographic and methodological parameters of urban and queer history. Recovering the world of Miami's old saloons, brothels, immigration checkpoints, borders, nightclubs, bars, and cruising sites, Capó makes clear how critical gender and sexual transgression is to understanding the city and the broader region in all its fullness. [Reading\(s\) / across / Borders](#), 2020-03-23 This collection emphasizes a cross-disciplinary approach to the relevance of borders and bordering as a spatial paradigm in Anglophone studies. It sets out to provide a critical counter-narrative to the 1990s globalization argument of a borderless world by insisting on the significant roles borders play. The

essays range in subject matter from geography history British and American literature to painting and Reggae music and map out different conceptualisations of the border place line process contact zones etc The volume s cross border narrative serves as a point of communication between the local and the global between Europe and America between different literary and artistic genres thus challenging the divides of geography and literature between real territorial borders and their fictional counterparts *When History Is Personal* Mimi Schwartz,2018-03-01 *When History Is Personal* contains the stories of twenty five moments in Mimi Schwartz s life each heightened by its connection to historical political and social issues These essays look both inward and outward so that these individualized tales tell a larger story of assimilation the women s movement racism anti-Semitism end of life issues ethics in writing digital and corporate challenges and courtroom justice A shrewd and discerning storyteller Schwartz captures history from her vantage as a child of German Jewish immigrants a wife of over fifty years a breast cancer survivor a working mother a traveler a tennis player a daughter and a widow In adding her personal story to the larger narrative of history culture and politics Schwartz invites readers to consider her personal take alongside official histories and offers readers fresh assessments of our collective past Ogallala John Opie,Char

Inlands Robert S. G. Fletcher, Alec Zuercher Reichardt, 2024-12-31 Conventional narratives of empires and globalization focus on oceans and coasts supposing that global connections are seaborne and that historical change proceeds inward from port cities into continental expanses This book offers a new perspective examining key inland areas around the world to show how interior regions have shaped global history Inlands brings together an interdisciplinary group of experts to explore the modern histories of inland regions across North and South America Africa Eurasia and Australasia from the American heartland to the Yangzi valley the Great Dismal Swamp to the Arabian Desert Together they argue that interior regions provide a fresh vantage point from which to rethink the history of global connection and disconnection Each chapter reconsiders national regional or imperial histories from an inland perspective demonstrating how such places have spurred global change Contributors reveal the critical role inlands and their Indigenous inhabitants have played in the development projection and contestation of state power showing how some interiors became essential to empire even as others developed in resistance to it By examining the struggle to integrate inland regions into wider networks of exchange this book also sheds light on the unevenness and the limits of contemporary globalization A new global history of interior spaces Inlands presents a bold challenge to dominant understandings of the making of today's connected world
