United States. Congress

New York Times Africa Report:

The New York Times Index, 1925 **Reports and Documents** United States. Congress, Dictators' Endgames
Aurel Croissant, David Kuehn, Tanja Eschenauer-Engler, 2024-10-14 Dictators Endgames examines the political role of the military in dictators endgames large scale nonviolent mass protests in autocracies that demand the regime leader's removal from office It addresses the question why some militaries defend an embattled autocrat by violently cracking down on the protestors whereas others side with the opposition or decide to stage a coup d'état The book introduces a systematic definition and operationalization of the dictator's endgame as a situation of non-violent mass mobilization in which the dictator's political survival depends on the loyalty of the military leaders The theoretical argument proposed in this book focuses on the strategic calculations of military leaders and offers a systematic explanation why the armed forces opt for repression of the demonstrators shift their loyalty from the dictator to the opposition or remove the autocrat in a coup during the mass protests The theory's predictions are empirically tested in a multi-method research design that combines statistical analyses and case studies drawing on the original Dictator's Endgame Dataset of all 40 endgames that took place between 1946 and 2014 The study identifies the conditions and processes through which militaries determine the outcome of dictators endgames and thus affect the survival and future political development of authoritarian regimes

Warfare and the Third World R. Harkavy, S. Neuman, 2016-04-30 This book is designed to help the reader better understand the conduct of war by focusing on the how not the why of warfare It examines a number of crucial dimensions of contemporary armed conflict such as the strategies operations tactics doctrines and weapons of conventional and low intensity war military geography the cultural underpinnings of strategies and tactics arms resupply security assistance and foreign intervention

Award-Winning Foreign Correspondents of the New York Times 1931-1991 Heinz-Dietrich Fischer, 2021-12-15 This volume presents 25 Foreign Correspondents of the New York Times and their Pulitzer Prize decorated works from the early 1930s to the early 1990s covering political and social occurrences in countries like Argentina Australia Cambodia China France Germany Israel Italy Japan Lebanon Poland Russia Thailand Vietnam and Yugoslavia Heinz Dietrich Fischer EdD PhD is Professor Emeritus at the Ruhr University of Bochum Germany

The State of the Middle East Dan Smith, 2014-04-08 From the author of the bestselling The State of the World Atlas here is an essential tool for understanding the Middle East and its pivotal role in global politics As Western powers attempt to redraw the map of the region Dan Smith uses his forensic skills to unravel the history of this arena of confrontation and instability from the Ottoman Empire to the present day With customarily acute analysis he highlights key issues and maps their global implications to explain why the Middle East has become and will remain the focal point for foreign policy The atlas covers a wide range of topics including imperial legacies ethnic and religious differences US presence and policies Arab Israeli wars Israel and Palestine Iran and Iraq military spending the Kurds Libya and the USA oil and water

Dirty Wars Jeremy Scahill, 2013-06-04 This enhanced edition for

Nook features over thirty images including film stills from the Oscar nominated documentary Dirty Wars as well as exclusive photographs of Scahill's reporting in Yemen and Somalia. This edition also features interactive color maps as well as seven short videos that include the film trailer clips from the film and interviews with Scahill. In the video interviews Scahill shares his insights on the history of drones, President Obama's hawkish foreign policies and the killing of Anwar al Awlaki. In Dirty Wars, Jeremy Scahill, author of the New York Times best seller Blackwater, takes us inside America's new covert wars. The foot soldiers in these battles operate globally and inside the United States with orders from the White House to do whatever is necessary to hunt down, capture or kill individuals designated by the president as enemies. Drawn from the ranks of the Navy SEALs, Delta Force, former Blackwater and other private security contractors, the CIA's Special Activities Division and the Joint Special Operations Command JSOC, these elite soldiers operate worldwide with thousands of secret commandos working in more than one hundred countries. Funded through black budgets, Special Operations Forces conduct missions in denied areas, engage in targeted killings, snatch and grab individuals and direct drone AC-130 and cruise missile strikes. While the Bush administration deployed these ghost militias, President Barack Obama has expanded their operations and given them new scope and legitimacy. Dirty Wars follows the consequences of the declaration that the world is a battlefield as Scahill uncovers the most important foreign policy story of our time. From Afghanistan to Yemen, Somalia and beyond, Scahill reports from the frontlines in this high stakes investigation and explores the depths of America's global killing machine. He goes beneath the surface of these covert wars conducted in the shadows outside the range of the press without effective congressional oversight or public debate. And based on unprecedented access, Scahill tells the chilling story of an American citizen marked for assassination by his own government. As US leaders draw the country deeper into conflicts across the globe, setting the world stage for enormous destabilization and blowback, Americans are not only at greater risk, we are changing as a nation. Scahill unmasks the shadow warriors who prosecute these secret wars and puts a human face on the casualties of unaccountable violence that is now official policy: victims of night raids, secret prisons, cruise missile attacks and drone strikes and whole classes of people branded as suspected militants. Through his brave reporting, Scahill exposes the true nature of the dirty wars the United States government struggles to keep hidden.

New Beginning in US-Muslim Relations Eugenio Lilli, 2016-06-01. This book carries out a comparative study of the US response to popular uprisings in the Middle East as an evaluation of President Barack Obama's foreign policy commitments. In 2009, Obama publicly pledged a new beginning in US-Muslim relations, causing eager expectation of a clear shift in US foreign policy after the election of the 44th president of the United States. However, the achievement of such a shift was made particularly difficult by the existence of multiple and sometimes conflicting US interests in the region which influenced the Obama administration's response to the popular uprisings in five Muslim majority countries: Egypt, Bahrain, Yemen, Libya and Syria. After providing a detailed analysis of the traditional features of both US foreign policy rhetoric and practice, this book turns its focus to the Obama

administration's response to the 2011 Arab Awakening to determine whether Obama's foreign policy has indeed brought about a new beginning in US Muslim relations *The Path of a Genocide* Astri Suhrke, 2017-07-05 The Great Lakes region of Africa has seen dramatic changes After a decade of war repression and genocide loosely allied regimes have replaced old style dictatorships The Path of a Genocide examines the decade 1986-97 that brackets the 1994 genocide in Rwanda This collection of essays is both a narrative of that event and a deep reexamination of the international role in addressing humanitarian issues and complex emergencies Nineteen donor countries and seventeen multilateral organizations international agencies and international nongovernmental organizations pooled their efforts for an in depth evaluation of the international response to the conflict in Rwanda Original studies were commissioned from scholars from Uganda Rwanda Zaire Ethiopia Norway Great Britain France Canada and the United States While each chapter in this volume focuses on one dimension of the Rwanda conflict together they tell the story of this unfolding genocide and the world's response The Path of a Genocide offers readers a perspective in sharp contrast to the tendency to treat a peace agreement as the end to conflict This is a detailed effort to make sense of the political crisis and genocide in Rwanda and the effects it had on its neighbors

Congressional Record United States. Congress, 1971

This is likewise one of the factors by obtaining the soft documents of this **New York Times Africa Report** by online. You might not require more mature to spend to go to the ebook foundation as with ease as search for them. New York Times Africa Report Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free New York Times Africa Report PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency

saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free New York Times Africa Report PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of New York Times Africa Report free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About New York Times Africa Report Books

1. Where can I buy New York Times Africa Report books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
