News Report About Youth And Crime:

Responding to Youth Crime Paul Omaji, 2003 This book presents a critique of the traditional responses to youth crime by criminal justice agencies in Australia UK New Zealand USA Canada and a vision of how these agencies could respond more effectively The critique examines the ways in which traditional criminal justice approaches trap young people into rather than turn them away from a life of crime The vision is for criminal justice agencies police courts and corrections to become more pro active partners in society s efforts to guide young people towards becoming happy and productive citizens for these agencies to focus less on the exercise of retributive powers and to embrace restorative approaches and for agencies to develop a crime prevention role through partnership with community organisations Author Paul Omaji argues against concentrating resources on the symptom when the underlying causes are within our intellectual grasp and amenable to effective criminal justice responses Omaji demonstrates the capacity of criminal justice agencies to become constructive partners with community organisations in preventing youth crime and constructs ground rules for high impact partnerships

Adolescents, Crime, and the Media Christopher J Ferguson, 2013-03-29 A campus shooting A gang assault A school bus ambush With each successive event fingers are pointed at the usual suspects violent films bloody video games explicit web sites But to what extent can or should the media be implicated in youth crime And are today s sophisticated young people really that susceptible to their influence Adolescents Crime and the Media critically examines perceptions of these phenomena through the lens of the ongoing relationship between generations of adults and youth A wealth of research findings transcends the standard nature nurture debate analyzing media effects on young people s behavior brain development in adolescence ways adults can be misled about youth s participation in criminal acts and how science can be manipulated by prevailing attitudes toward youth

The author strikes a necessary balance between the viewpoints of media providers and those seeking to restrict media or young people's access to them. And the book brings scientific and intellectual rigor to culturally and politically charged issues as it covers Violence in the media, Media portrayals of crime and youth, Research on violent television programs, video games and other media as causes of crime, Effects of pornography on behavior, Public policy, censorship and First Amendment issues, Adolescents, Crime and the Media. This is an essential resource for researchers, graduate students, professionals and clinicians across such interrelated disciplines as developmental psychology, sociology, educational policy, criminology, criminal justice, child and school psychology and media law.

Bourdieu and the Journalistic Field Rodney Benson, Erik Neveu, 2005-01-14 Building on and extending Pierre Bourdieu's critique of our media saturated culture, this work presents case studies of such diverse phenomena as media coverage of the AIDS contaminated blood scandal in France, US youth media activism and political interview shows on both sides of the Atlantic.

Understanding Youth In Late Modernity France, Alan, 2007-04-01 Understanding Youth in Late Modernity is a highly readable book which lends itself both as a solid introduction and a reference point to the historical developments and theoretical debates taking place within the discipline of youth studies. This book provides a highly accessible text for anybody interested in the subject of youth and its changing role in late modernity. I thoroughly recommend it. Journal of Contemporary European Studies. This illuminating new book embeds our understanding of the youth question within a historical context. It shows how the ideas of past political action in conjunction with the diverse paradigms of social science disciplines have shaped modern conceptions of the youth question. This relationship between the political and the academic is then explored through a detailed examination of contemporary debates about youth in areas such as transitions, education, crime, policy and criminology, consumption and youth culture. From this analysis, the book is able to show how the youth question in late modernity is being shaped. This important text includes a historical overview of the making of modern youth, identifying major changes that took place over three centuries. Examples of how political and academic responses construct youth as a social problem. An evaluation of the impact of social change in late modernity on our understanding of the youth question and the everyday lives of the young. The book concludes by suggesting that in contemporary understandings of the youth question, significant differences exist between the political and the academic. Major challenges exist if this gap is to be addressed and a new public social science needs to emerge that reconstitutes debates about youth within a form of communicative democracy. Understanding Youth in Late Modernity is key reading for students and academics interested in the historical conception of the youth problem, its evolution throughout modernity and endeavours to find a solution.

Task Force Report: Juvenile Delinquency and Youth Crime United States Task Force on Juvenile Delinquency, 1967. **Task Force Report: Juvenile Delinquency and Youth Crime, Report on Juvenile Justice and Consultants' Papers** United States President of the United States, 1967. **Framing American Politics** Karen Callaghan, Frauke Schnell, 2005-07-10 Most issues in American political life are complex and multifaceted, subject to multiple

interpretations and points of view How issues are framed matters enormously for the way they are understood and debated For example is affirmative action a just means toward a diverse society or is it reverse discrimination Is the war on terror a defense of freedom and liberty or is it an attack on privacy and other cherished constitutional rights Bringing together some of the leading researchers in American politics *Framing American Politics* explores the roles that interest groups political elites and the media play in framing political issues for the mass public The contributors address some of the most hotly debated foreign and domestic policies in contemporary American life focusing on both the origins and process of framing and its effects on citizens In so doing these scholars clearly demonstrate how frames can both enhance and hinder political participation and understanding *The Politics of Safety* Shannon King,2023-11-28 For much of the twentieth and twenty first centuries public officials in cities like New York Chicago and Baltimore have criminalized uprisings as portending Black thugs throwing rocks at police and plundering private property to undermine complaints of police violence Liberal mayors like Fiorello H La Guardia have often been the deftest practitioners of this strategy As the Depression and wartime conditions spurred youth crime white New Yorkers anxieties about crime the movement of Black people into white neighborhoods and headlines featuring Black hoodlums emblazoned all over the white media drove their support for the expansion of police patrols in the city especially in Harlem and Bedford Stuyvesant Though Blacks also called for police protection and for La Guardia to provide equitable municipal resources they primarily received more punishment This set the stage for the Harlem uprising of 1943 Shannon King uncovers how Black activism for safety was a struggle against police brutality and crime highlighting how the police withholding protection operated as a form of police violence and an abridgement of their civil rights By decentering familiar narratives of riots King places Black activism against harm at the center of the Black freedom struggle revealing how Black neighborhoods became occupied territories in La Guardia s New York

Introduction to Quantitative Research Methods Mark Balnaves,Peter Caputi,2001-04-10 Introduction to Quantitative Research Methods is a student friendly introduction to quantitative research methods and basic statistics It uses a detective theme throughout the text to show how quantitative methods have been used to solve real life problems The book focuses on principles and techniques that are appropriate to introductory level courses in media psychology and sociology Examples and illustrations are drawn from historical and contemporary research in the social sciences The original CD ROM accompanying the book and its content are no longer available

Children's Rights and the Minimum Age of Criminal Responsibility Don Cipriani,2016-05-23 Children of almost any age can break the law but at what age should children first face the possibility of criminal responsibility for their alleged crimes This work is the first global analysis of national minimum ages of criminal responsibility MACRs the international legal obligations that surround them and the principal considerations for establishing and implementing respective age limits Taking an international children s rights approach with a rich theoretical framework and the vitality of the UN Convention on the Rights of the Child this work maintains a critical perspective such as in

challenging the assumptions of many children's rights scholars and advocates Compiling the age limits and statutory sources for all countries this book explains the broad historical origins behind most of them identifying the recurring practical challenges that affect every country and providing the first comprehensive evidence that a general principle of international law requires all nations regardless of their treaty ratifications to establish respective minimum age limits *Criminal Justice* Peter Joyce, Wendy Laverick, 2022-07-29 This book offers a comprehensive and engaging introduction to the criminal justice system of England and Wales Starting with an overview of the main theories of the causes of crime this book explores and discusses the operation of the main criminal justice agencies including the police probation and prison services and the legal and youth justice systems The fourth edition has been revised updated expanded and features a new expert co author This book offers a lively and critical discussion of some of the main themes in criminal justice from policy making and crime control to diversity and discrimination to the global dimensions of criminal justice including organised crime and the role performed by transnational policing organisations to combat it Key updates to this new edition include increased discussion of the measurement prevention and detection of crime a revised chapter on the police which discusses the principle of policing by consent police methods power and governance and the abuse of power further discussion of pressing contemporary issues in criminal justice such as privatisation multi agency working community based criminal justice policy and the impact of the Covid 19 pandemic on the delivery of criminal justice policy a revised chapter that deals in detail with new and emerging forms of criminality and the response of the UK and global criminal justice system to these developments This accessible text is essential reading for students taking introductory courses in criminology and criminal justice A wide range of useful features include review questions lists of further reading timelines of key events and a glossary of key terms

Criminology Steve Case, Phil Johnson, David Manlow, Roger Smith, Kate Williams, 2017 Criminology is a textbook with a new approach both student focused and research engaged Written for today's students it provides the framework of knowledge core to exploring understanding and explaining crime The goal is simple and bold to help the next generation of criminologists to be switched on excited and critical Juvenile Justice and Youth Violence James C. Howell, 1997-07-29 The public believes that juveniles are to blame for the growth of violence in the United States that began in the mid 1980s But who's really to blame for violent crime Is youth gang involvement in trafficking crack cocaine in inner cities a key factor The *Evolution of Juvenile Justice and Youth Violence in America* explores how juvenile offenders have taken the brunt of crime policy's reaction to the high level and recent increase in violent crime in the United States In the justice system today juveniles are being tried with adults in criminal courts and incarcerated with them in adult prisons Taking a historical approach and reviewing current research author James C Howell examines the shift in crime policy from an emphasis on treatment and rehabilitation to punishment and how that change is neither philosophically sound nor effective Long term solutions Howell argues lie in the development of more effective programs better matched offender treatment programs and

a more cost effective juvenile justice system Written with compassion yet methodologically sound this volume creates a comprehensive framework that will help communities incorporate best practices and utilize knowledge of risk and protective factors for serious and violent delinquency Author James C Howell combines prevention and graduated sanctions in this sensible strategy for dealing with serious violent and chronic juvenile offenders The Evolution of Juvenile Justice and Youth Violence in America is an outstanding resource and text for not only graduate students but also academics researchers practitioners policymakers professionals in the legal system and educators

Children, Young People and the Press in a Transitioning Society Faith Gordon, 2018-03-10 This book assesses the implications of how children and young people are represented in print media in Northern Ireland a post conflict transitioning society Gordon analyses how children and young people's perceived involvement in anti social and criminal behaviour is constructed and amplified in media as well as in popular and political discourses Drawing on deviancy amplification folk devils and moral panics this original study specifically addresses the labelling perspective and confirms that young people are convenient scapegoats where their negative reputation diverts attention from the structural and institutional issues that are inevitable in a post conflict society Alongside content analysis from six months of print media and a case study on the representation of youth involvement in sectarian rioting this book also analyses interviews with editors journalists politicians policy makers and a spokesperson for the Police Service of Northern Ireland Noting the importance of prioritising the experiences of children young people and their advocates this timely and engaging research will be of specific interest to scholars and students of criminal justice criminology socio legal studies sociology social policy media studies politics and law as well as media professionals and policy makers
