*Cosmosexuals* Mark Gallagher,2025 Mark Gallagher argues that contemporary male actors are deeply invested in acting sexy and in the personal and collaborative labor of creating sex appeal as a path to success in globalized cinema both at the level of individual performances and in their star personas Gallagher begins by theorizing sex appeal how it is performed and how it becomes legible to viewers

outside of a film's culture of origin. He also sketches a history of actors' globalization, namely Americans' performances in international coproductions and foreign actors' paths into US film. Focusing on actors from non-US films who have found international success through Hollywood productions, he examines how actors of different national and ethnic backgrounds have used sexiness in their varied careers. He begins with examinations of white actors from Europe and the British Commonwealth, most especially Ryan Gosling, Tom Hardy, and Eric Bana, before moving into Latino actors such as Pedro Pascal, Edgar Ramirez, and Wagner Moura, and Asian actors Tony Leung and Simu Liu. Gallagher returns to the exotic whiteness of Nordic Mads Mikkelsen and ends with British actor Idris Elba, who despite his star status is still hemmed in by the unique obstacles that face Black performers. *Selected Letters of Vernon Lee, 1856 - 1935*  
Amanda Gagel, 2016-10-26

Vernon Lee was the pen name of Violet Paget, 1856-1935, a prolific author best known for her supernatural fiction, her support of the Aesthetic Movement, and her radical polemics. She was also an active letter writer whose correspondents include many well-known figures in fin de siècle intellectual circles across Europe. However, until now, no attempt has been made to make these letters widely available in their complete form. This multi-volume scholarly edition presents a comprehensive selection of her English, French, Italian, and German correspondence, compiled from more than 30 archives worldwide that reflect her wide variety of interests and occupations as a Woman of Letters and contributor to scholarship and political activism. Letters written in a language other than English have been expertly translated by scholars: Sophie Geoffroy from the French, Crystal Hall from the Italian, and Christa Zorn from the German. The edition focuses on those letters concerning the writing, ideas, and aesthetics that influenced Lee's articles, books, and stories. Full transcriptions of some 500 letters covering the years 1856-1935 are arranged in chronological order, along with a newly written introduction that explains their context and identifies the recipients, friends, and colleagues mentioned. Since scholarship on Lee's critical and creative output is still in the beginning stages, these letters will serve a purpose to students and researchers in a number of academic fields. In this first volume, tracing the years 1856-1884, the assembled letters cover the beginnings of her career, encompassing her first publication, visits to London, and encounters with some of the important artistic figures of the time. As her career begins to blossom, the letters also reflect the expansion of her subject matter from cultural studies and art history to novels and aesthetic philosophy. Correspondents include Lee's parents, Matilda and Henry Paget; her brother, the poet Eugene Lee Hamilton; English poet Mary Robinson; English authors Henrietta Jenkin and Linda Villari; and Italian writers Enrico Nencioni, Mario Pratesi, and Angelo De Gubernatis, among others.

He combines close analysis of specific plays with a broader look at trends within drama.

Enlightenment in Ruins Michael Griffin, 2013-08-15 Oliver Goldsmith 1728 1774 moved between the genres and geographies of enlightenment writing with considerable dexterity As a consequence he has been characterized as a passive purveyor of enlightenment thought a hack a harried translator of the French enlightenment for an English audience an ideological lackey and a subtle ironist In poetry he is either a compliant pastoralist or an engaged social critic Yet Goldsmith s career is as complex and as contradictory as the enlightenment currents across which he wrote and there is in Goldsmith s oeuvre a set of themes including his opposition to the new imperialism and to glibly declared principles of liberty which this book addresses as a manifestation of his Irishness Michael Griffin places Goldsmith in two contexts one is the intellectual and political culture in which he worked as a professional

author living in London the other is that of his nationality and his as yet unstudied Jacobite politics Enlightenment in Ruins thereby reveals a body of work that is compellingly marked by tensions and transits between Irishness and Englishness between poetic and professional imperatives and between cultural and scientific spheres *PC Mag* ,1982-11 PCMag.com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology
