Marketing Chiropractic to Medical Practices Christina L. Acampora, 2008-05-19 The first book of its kind Marketing Chiropractic to Medical Practices targets chiropractors and leads them through a comprehensive sales model to demonstrate how they can educate the medical profession on how to utilize chiropractic practice for their patients By implementing a gradual approach from the first office contact to presenting an effective and educational sales call this text informs the chiropractor how to confidently access their greatest untapped new patient source Marketing Chiropractic to Medical Practices offers a step by step approach to secure medical referrals and develop ongoing professional relationships between

the chiropractic and medical worlds Features How to provide a pro chiropractic message based on evidence based research How to access physicians Uncover patient needs and physician objections for chiropractic care Learn the most common physician objections and how to overcome them How to select research that addresses the needs and objections of a physician How to present research to support a MD DC conversation **A Career Companion to Becoming a GP** Patrick Hutt, Sophie Park, 2018-08-08 How many general practitioners ended up in their roles thanks to a faint breeze nudging them in a given direction How many successes resulted from failure Some of the most successful practices were built up from nothing and some of the happiest doctors spent time not being doctors Despite the element that fate plays in career paths it is prudent to make plans A career in general practice offers many options for further professional development While some GPs prefer to concentrate primarily on their practice others find additional fulfillment in teaching research or international collaboration Whichever path you choose general practice promises a rewarding and exciting experience This inspiring new book emphasises there is no single career path in general practice Without being prescriptive its practical approach helps you make life changing decisions prompts self analysis and equips you with the tools to remain flexible positive and reflective about your career So have you got what it takes to practise the medicine plus which is today s general practice This book written and edited by colleagues many of whom have far more street cred than I will help you decide If you have I wish you luck fulfilment and the gratification that comes from being a catalyst for good in the lives of your fellow human beings If you have a role teaching and mentoring the next generation of GPs you will find this book a persuasive ally But if you decide that hospital medicine is your preferred option well that s fine There would be no shame if you find the ladder to general practice too steep in settling for becoming a brain surgeon Roger Neighbour in the Foreword Lively extremely informative and engaging Professor Roger Jones Editor British Journal of General Practice **Pharmacoepidemiology** Brian L. Strom, 2006-01-04 The fourth edition of Pharmacoepidemiology is an outstanding and fully comprehensive textbook which will be an essential resource for all interested in the field in academia in regulatory agencies in industry and in the law Brian Strom s classic textbook continues both to reflect the increased maturation of pharmacoepidemiology and to help shape its direction Reviews of previous editions of his celebrated textbook include The book is essential reading for anyone interested in pharmacoepidemiology INTERNATIONAL JOURNAL OF EPIDEMIOLOGY an excellent textbook and a comprehensive reference which belongs in the library of every pharmaceutical manufacturer and regulator EUROPEAN JOURNAL OF PUBLIC HEALTH
